## FRANK E. LITTLE RE-ELECTED MAYOR OF CITY

### RAN ABOUT 4 TO 1 OVER HIS OPPONENT

GEORGE A. CAIN ENTERED CITY  
LISTS IN 11TH HOUR STICKER  
CAMPAIGN

D. H. FULLERTON RE-ELECTED  
CITY ATTORNEY, J. H. WARNER  
MUNICIPAL JUDGE

Mayor Frank E. Little has been returned to the mayor's chair with a vote running approximately 4 to 1 over his opponent, George A. Cain, who essayed to enter the contest in an eleventh hour, last minute sticker campaign. Mayor Little carried every ward in the city.

For city attorney, the incumbent D. H. Fullerton defeated W. W. Bane.

There was no opposition to the candidacy of Richard Isle for city treasurer, nor to the candidacy of M. E. Hitch for city assessor.

The municipal judgeship provoked a contest which saw in the different wards, J. H. Warner being elected, and defeating the incumbent Lamonte P. Koop.

For special municipal judge there was no opposition on the ballot for George Ericson, who was elected. Some scattering votes were given J. M. Hayes and Frank Titus.

**For Aldermen**  
In the vote for alderman, Andrew Wesley was returned in the first ward, winning handily over J. A. McMannis.

W. J. Hall was elected alderman in the second ward, unofficial totals being: Hall 467 and W. E. Lewis 388.

In the third ward, Chris Elvig was re-elected, unofficial totals being Elvig 415 and William B. Erickson 270.

Alderman Ernest Ritari was re-elected in the fourth ward. Unofficial figures give him a vote of 384. Andrew J. Nelson next with 175 and P. M. Bislar third with 69 votes.

In the fifth ward R. H. Paine was re-elected, the unofficial figures being Paine 345 and M. L. Larson 256.

**For School Board**  
In the vote for school board, Louis F. Hohman was re-elected in the first ward, facing no opposition.

In the second ward, Mrs. Daisy Thabes was re-elected, also facing no opposition.

The third ward had two positions to fill. Elmer Forsberg was elected to the four year term, unofficial figures being Forsberg 381, S. A. Stanley 282. For the two year term R. W. Crust was elected, having no opposition.

John Hovick was elected member of the school board in the fourth ward. He had no opposition.

In the fifth ward M. E. Morrison was re-elected. He had no opposition.

**The Amendments**  
Each of the amendments to the city charter went down to defeat with considerable minority in each.

Amendment No. 1 which called for the division of the second ward into two wards, known as second ward and sixth ward, lost by the count of 1131 in favor, 1540 against.

Amendment No. 2, which called for increasing the maximum levy for the Park fund from three-fourths mill to one mill, lost, the vote being: in favor 1225, against 1351.

Amendment No. 3, which called for providing for reduction of aldermen from two members from each ward to one member from each ward, went under by the count of 1066 for and 1496 against.

The vote by wards follows:

### Establishment of State Department of Law Enforcement Given Approval By the House

#### LAST STAGES IN THE SACCO- VANZETTI CASE

PLANS MADE FOR IMPOSITION OF  
DEATH SENTENCES

EXTRAORDINARY PRECAUTIONS  
TAKEN TO GUARD AGAINST  
REPRISALS

Boston, April 6.—(UP)—While armed officers guarded the courthouse and judges, plans were being made today for the imposition of death sentences in the internationally famous case of Nicoll Sacco and Bartolomeo Vanzetti, convicted slayers.

The extraordinary precautions were taken to guard against reprisals, which, it was feared, might follow yesterday's unanimous decision of the full bench of the state supreme court, denying Sacco and Vanzetti a new trial.

Meanwhile, the Sacco-Vanzetti defense committee announced that an appeal to the U. S. supreme court undoubtedly would be taken as the next step in the six-year battle to save the men from the electric chair.

Sacco and Vanzetti were convicted in July, 1921, of the murder of Frederick Parmenter and Alexander Berardelli in a payroll holdup of the Morrill Shoe Company at South Braintree, Mass.

The case has been one of the most bitterly fought in American court history, and its effects have been felt in foreign countries, where defense funds for the men have been raised. In Paris and Buenos Aires, U. S. embassies have been bombed in protest against the convictions.

Defenders of Sacco and Vanzetti have charged they were "framed" because they were known to be radicals and fears have been expressed that serious outbreaks against U. S. embassies and legations abroad may occur if the men are electrocuted.

Sacco and Vanzetti will be sentenced soon by Judge Webster Thayer before whom they were convicted unless the appeal to the highest court in the land is made or the governor exercises executive clemency. Their conviction for murder in the first degree carries a sentence of death in the electric chair.

The state supreme court held yesterday that the two men were not entitled to a new trial on grounds of newly discovered evidence. Placing of police spies in cells adjoining those of the accused also was held to be no violation of constitutional rights.

#### KING FERDINAND MUCH IMPROVED

PERSONAL NURSING OF QUEEN  
MARIE IS A BIG  
FACTOR

Bucharest, Roumania, April 6.—(UP)—King Ferdinand was reported much improved today under the personal nursing of Queen Marie.

The king rallied yesterday after he had been for days near death from grippe which complicated his cancerous condition.

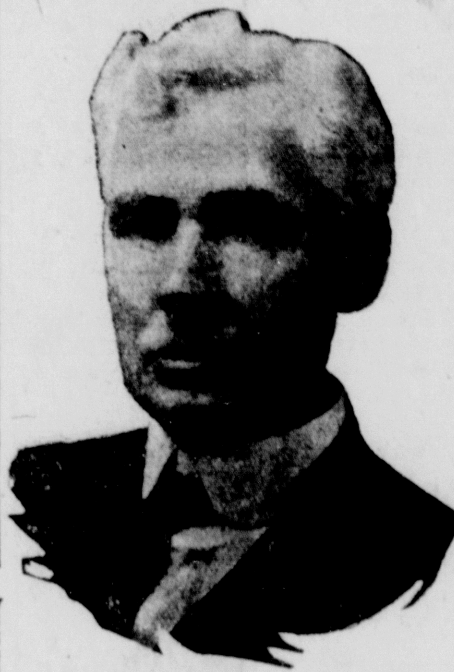

Queen Marie and the royal sons and daughters were at the king's bedside almost without interruption during the crisis.

#### DEBATE ON JURY SYSTEM

Northfield, Minn., April 6.—(UP)—Students are expected to jam Skinner Memorial chapel tonight to listen to a debate on a subject which will touch upon the jury system of this country.

Women's debating teams of Carleton college and St. Olaf college are to compete. They will take sides on the question: "Resolved, that the present jury system should be abolished."

Both teams are well versed on the arguments having debated the question in previous forensic meets.

J. H. WARNER  
Municipal Judge-elect

### FRANCE PASSES THE BUCK TO GREAT BRITAIN

THROWS ON BRITISH RESPONSIBILITY FOR SUCCESS OF LIMITING NAVAL ARMAMENTS

POUL BONCOUR, REPRESENTING  
FRANCE MAKES THE  
ANNOUNCEMENT

By HENRY WOOD  
(United Press Staff Correspondent)

Geneva, April 16.—France unexpectedly and adroitly today threw onto Great Britain full responsibility for the future success or failure of League of Nations efforts toward limitation of naval armaments.

At the beginning of today's session of the League's preparatory disarmament commission, now engaged on naval subjects, Paul Boncour, representing France, announced that he had notified Viscount Cecil, representing Great Britain, as follows:

"If the British government would state officially that it could consider as a basis for compromise Boncour's informal suggestion of Monday that naval limitation be agreed to by total tonnage, with the obligation imposed on each nation to publish its building program in advance, then Boncour would undertake to obtain from France official instructions to negotiate on that basis."

Thereupon, the commission adjourned until afternoon, when it is expected Cecil would be able to announce Britain's position.

#### MUNICIPAL ELECTIONS THROUGHOUT STATE

St. Paul, Minn., April 6.—(UP)—Municipal elections throughout towns and villages of Minnesota Tuesday revealed today that the existing orders generally were returned to office. The most startling exception was at Fairmont where an anti-Klan ticket swept the field.

E. J. Edwards rode into office in the Martin county town despite an eleventh hour sticker campaign in behalf of H. E. Wade, incumbent.

Arthur M. Nelson, justice of peace, openly anti-Klan was the only individual in the former regime who was successful in reelection.

At Fairbault Mayor C. W. Turner was re-elected to office over R. A. Pomadt. Mayor Turner's majority was about 500.

Miss Elizabeth Ries, mayor of Shakopee coasted back into office without opposition.

Other successful candidates in elections were the following:

Tracy: M. H. Cummings, mayor. Pipestone: Dr. E. H. Argetsinger, mayor (re-elected).

Willmar: Mayor Edwin Selvig re-elected. Benson: Mayor Julius Thorson re-elected.

Luverne: E. W. Brown, mayor. Fergus Falls: P. M. Ree, elected mayor without opposition.

Mankato: Frank Mahowald, mayor.

### PAROLE BOARD MAY ALSO BE REORGANIZED

LAW ENFORCEMENT BILL PASSED HOUSE BY VOTE OF  
84 TO 26

PAROLE BOARD BILL GOES BACK TO CRIME PREVENTION COMMITTEE

St. Paul, April 6.—(UP)—Establishment of a state department of law enforcement was given the approval of the Minnesota house of representatives and members today looked for the passage of a bill calling for the reorganization of the board of parole.

The law enforcement bill, championed by Rep. R. J. Quinlivan, St. Cloud and others, passed 84 to 26. Representatives sent the parole board bill back to the crime prevention committee for minor changes. A vote was expected on the measure today.

Three bureaus would be created in the law enforcement department including: bureau of identification, bureau of investigation and bureau of public records.

Four other bills recommended by the Minnesota crime commission passed the house providing:

Restoration of minimum sentences in Minnesota.

Minimum penalty of one year for conviction of felony.

Penalty of five to ten years' imprisonment when felony is committed or attempted to be committed by armed persons.

Five year sentence upon conviction of arson in first degree.

Members of the lower house declared that every effort would be made to clear up the crime bills now pending in the house before Thursday when similar bills will come up in the senate.

More opposition is expected in the upper body when the crime measures are voted upon due to the unfavorable attitude of the crime committee on several of the major bills.

#### REBEKAH LODGES AT ORTONVILLE

Ortonville, Minn., April 6.—(UP)—Nearly 200 members of Rebekah lodges in western Minnesota gathered here today for the annual district meeting.

The sessions are being held under the auspices of the Golden Rod lodge of Ortonville.

An entertainment program has been arranged which promises to keep the delegates busy until the close of the meeting tonight.

The visitors are from Browns Valley, Wheaton and Clinton as well as other cities and towns outside of this district.

### WEEPAH GOLD BOOM INTENSIFIED

CROSSCUT VIEWED BY EXPERTS  
GIVES NEW LEASE OF  
EXCITEMENT

Tonopah, Nev., April 6.—(UP)—The Weepah gold boom was intensified today by a report from a number of experienced mining men, who at the invitation of Frank Horton, viewed the new strike which Horton previously had reported at his Electric gold mine.

About 50 men, including several gold experts, went down the 100-foot shaft of the Electric mine yesterday. The reported that a crosscut had been widened out to eight feet and that it showed a quantity of rich ore, with numerous streaks of picture rock.

The disclosure added to the gold excitement here and in Weepah. It was regarded as a refutation of reports circulated in San Francisco that the Weepah boom was a "grand bust" as far as rich ore deposits were concerned.

There are now more than 20 substantial frame buildings in Weepah and others are going up as fast as lumber can be hauled there.

D. H. FULLERTON  
Re-elected City Attorney

### WM. HALE THOMPSON IS ELECTED MAYOR OF THE WINDY CITY

RETURNS FROM POLITICAL  
LIVION TO BE THIRD TERM  
EXECUTIVE

SLOGAN OF THOMPSON, "AMERICA FIRST," SCORES SMASHING VICTORY

By MAX BUCKINGHAM  
(United Press Staff Correspondent)

Chicago, April 6.—William Hale Thompson returned today from political oblivion to become for the third time mayor of America's second largest city.

Under the slogan, "America First," Thompson and his republican co-workers descended upon Chicago's polls yesterday and came out with a smashing victory over Mayor William E. Dever, democratic candidate. Dr. John Dill Robertson, running as an independent, was a hopeless third.

Thompson's return to a seat of power proved once again the uncertainty of political accord. Just four years ago he was an outcast from his party, a forlorn figure on the sidelines. His second administration had been so bitterly criticized that "Big Bill," as he is familiarly known did not even attempt the race for a third term.

But while the democratic party under Mayor Dever was in power for four years, Thompson rebuilt his fences, made new political alliances, won back the confidence of his old friends, and yesterday stamped the polls for a plurality of 83,072.

Complete returns gave:

Thompson, 512,740.  
Dever, 429,668.  
Robertson, 51,209.

The campaign which brought Thompson back into political favor was the wildest and most bellicose in the city's history. It stirred an interest which brought out a record vote of 993,617.

Despite this there were no major riots as the police had feared. Although there were sporadic outbreaks of bombing, machine gunning and ballot tampering, the 5,000 police mobilized for the occasion were able to quell any mob spirit.

But if the election was sans riot, the paens of victory sent up for "Big Bill" last night were of the near riot stage.

Through the loop there was an outpouring of cheering thousands. Bands played. Merry-makers brought out every form of noise making instrument. Thompson's appearance in the joyous throng was an immediate signal for shouts of "Hurrah Bill," "Big Bill for president," "Our greatest republican" and like tributes which must have been music to the ears of the once outcast.

So torrid was the celebration, which extended to near and far reaches of the city, that police massed reserves in several districts for fear the joyous celebration would get out of bounds.

"We will have a clean city," Thompson said. "Gangsters already are on the run. We mean to make Chicago the world's greatest city."

Thompson's victory brought about new political alignments for the all-important Chicago district. When he served before he was sponsored by the astute Fred Lundin. "The Gloomy Swede," who was considered one of Chicago's commanding republicans.

This race found Lundin attempting to thwart Thompson's return to power. Dr. John Dill Robertson was

### SEVEN OTHERS ARE SERIOUSLY INJURED AT PARCO, WYO.

BODIES OF THE DEAD WERE  
FOUND AS FAR AS 200  
FEET FROM STILL

FIRE WHICH BROKE OUT AFTER  
BLAST PUT UNDER CONTROL  
AFTER 3-HOUR FIGHT

Parco, Wyo., April 6.—(UP)—Aroused from their sleep by an explosion at the Producers' & Refiners' Corporation plant here at 5:15 A. M. today, townspeople placed fire which followed the blast under control after a bitter three-hour battle.

Sixteen workmen are known to be dead, and seven seriously injured. The dead:

Frank Taylor, 30; W. W. Dodd, 42; R. M. Sherman, 41; Victoriano Morintaya, 37; Orceolo Martinez, 36; Fred Jesmer, 37; Clarence Posey, 27; A. C. Ayala, 33; F. C. Speyer, 49; Albert Smith, 25; Victor Nickerson, 45; H. O. Eby, 27; G. G. Turbin, 26; R. R. Welch, 32; John Paul Palmer, 30; Calvin Smith, 65.

Flames that burst out following the detonation spread rapidly to the line of six pressure stills and two oil tanks as the townspeople, sleepy-eyed and scantily dressed, rushed forward to assist in extinguishing the blaze.

After a three-hour battle in which they were assisted by firemen from surrounding towns, the flames were placed under control and rescue workers waited for the embers to cool before beginning their search for the bodies of the missing.

Twenty men were on the "graveyard" shift when the explosion occurred. A dubb still, 50 feet high, through which crude oil passes in its first process of refinery, let go, spreading burning oil in all directions.

Bodies of the dead were found as far as 200 feet away from the still. They were charred beyond recognition.

Windows and glass doors in Parco were blown out.

The blaze was confined largely to the company's plant and did not extend into the main sections of the city. Buildings in the town were not damaged.

### DRILLING FOR OIL IN KANDIYOHI CO.

Willmar, Minn., April 6.—(UP)—Drilling for oil in Kandiyohi county during the last few days have given every indication that efforts of speculators in this section of Minnesota will not prove futile.

Experts in oil drilling who have been in this county for several weeks today declared that outbursts of gas and oil in the central section last week proves their predictions that the valuable liquid is abundant.

An old well which was worked several years ago created great excitement when new operations were started last Wednesday. Gas pressure forced a stream of water and debris high into the air while Alfred Holland and Oscar Walin were replacing the pump.

Holland, who is owner of the property located near New London, was working the pump when the pressure started. He narrowly escaped being injured as the apparatus was thrown about twenty feet high.

Gas and oil was also located near Lake Lillian in the southeastern part of the county.

Intensive drilling is planned in the near future by experienced oil men who have been studying prospective oil lands in this section for some time.

### LITTLE BABY MAY LOSE SIGHT OF EYE

St. Paul, April 5.—(UP)—A two-month-old baby may lose the sight of one eye as the result of a six inch fall here today. The child, Fred Schmiede, Jr., fell from a cradle swing which was but a half foot from the floor.

offered by Lundin as an opportunity for republicans to split support of Thompson, but it was an ineffectual attempt. Thompson had the backing of all of the other republican leaders.

CROSSCUT VIEWED BY EXPERTS  
GIVES NEW LEASE OF  
EXCITEMENT

Tonopah, Nev., April 6. — (UP)—The Weepah gold boom was intensified today by a report from a number of experienced mining men, who at the invitation of Frank Horton, viewed the new strike which Horton previously had reported at his Electric gold mine.

About 50 men, including several gold experts, went down the 100-foot shaft of the Electric mine yesterday. The reported that a crosscut had been widened out to eight feet and that it showed a quantity of rich ore, with numerous streaks of picture rock.

The disclosure added to the gold excitement here and in Weepah. It was regarded as a refutation of reports circulated in San Francisco that the Weepah boom was a "grand bust" as far as rich ore deposits were concerned.

There are now more than 20 substantial frame buildings in Weepah and others are going up as fast as lumber can be hauled there.

## WM. HALE THOMPSON IS ELECTED MAYOR OF THE WINDY CITY

RETURNS FROM POLITICAL  
OB-  
LIVION TO BE THIRD TERM  
EXECUTIVE

SLOGAN OF THOMPSON, "AMERICA  
FIRST," SCORES SMASH-  
ING VICTORY

By MAX BUCKINGHAM  
(United Press Staff Correspondent)

Chicago, April 6. — William Hale Thompson returned today from political oblivion to become for the third time mayor of America's second largest city.

Under the slogan, "America First," Thompson and his republican co-workers descended upon Chicago's polls yesterday and came out with a smashing victory over Mayor William E. Dever, democratic candidate.

Dr. John Dill Robertson, running as an independent, was a hopeless third.

Thompson's return to a seat of power proved once again the uncertainty of political accord. Just four years ago he was an outcast from his party, a forlorn figure on the sidelines. His second administration had been so bitterly criticized that "Big Bill," as he is familiarly known, did not even attempt the race for a third term.

But while the democratic party under Mayor Dever was in power for four years, Thompson rebuilt his fences, made new political alliances, won back the confidence of his old friends, and yesterday stamped the polls for a plurality of 83,972.

Complete returns gave:

Thompson, 512,740.

Dever, 429,668.

Robertson, 51,209.

The campaign which brought Thompson back into political favor was the wildest and most bellicose in the city's history. It stirred an interest which brought out a record vote of 993,617.

Despite this there were no major riots as the police had feared. Although there were sporadic outbreaks of bombing, machine gunning and ballot tampering, the 5,000 police mobilized for the occasion — were able to quell any mob spirit.

But if the election was sans riot, the paens of victory sent up for "Big Bill" last night were of the near riot stage.

Through the loop there was an outpouring of cheering thousands. Bands played. Merry-makers brought out every form of noise making instrument. Thompson's appearance in the joyous throng was an immediate signal for shouts of "Hurrah Bill," "Big Bill for president," "Our greatest republican" and like tributes which must have been music to the ears of the once outcast.

So torrid was the celebration, which extended to near and far reaches of the city, that police massed reserves in several districts for fear the joyous celebration would get out of bounds.

"We will have a clean city," Thompson said. "Gangsters already are on the run. We mean to make Chicago the world's greatest city."

Thompson's victory brought about new political alignments for the all-important Chicago district. When he served before he was sponsored by the astute Fred Lundin, "The Gloomy Swede," who was considered one of Chicago's commanding republicans.

This race found Lundin attempting to thwart Thompson's return to power. Dr. John Dill Robertson was

## SEVEN OTHERS ARE SERIOUSLY INJURED AT PARCO, WYO.

BODIES OF THE DEAD WERE  
FOUND AS FAR AS 200  
FEET FROM STILL

FIRE WHICH BROKE OUT AFTER  
BLAST PUT UNDER CONTROL  
AFTER 3-HOUR FIGHT

Parco, Wyo., April 6. — (UP)—Aroused from their sleep by an explosion at the Producers' & Refiners' Corporation plant here at 5:15 A. M. today, townspeople placed fire which followed the blast under control after a bitter three-hour battle.

Sixteen workmen are known to be dead, and seven seriously injured. The dead:

Frank Taylor, 30; W. W. Dodd, 42; R. M. Sherman, 41; Victoriano Morntaya, 37; Ornelo Martinez, 36; Fred Jesmer, 37; Clarence Posey, 27; A. C. Ayala, 33; F. C. Speyer, 49; Albert Smith, 25; Victor Nickerson, 45; H. O. Eby, 27; G. G. Turbin, 26; R. R. Welch, 32; John Paul Palmer, 30; Calvin Smith, 65.

Flames that burst out following the detonation spread rapidly to the line of six pressure stills and two oil tanks as the townspeople, sleepy-eyed and scantily dressed, rushed forward to assist in extinguishing the blaze.

After a three-hour battle in which they were assisted by firemen from surrounding towns, the flames were placed under control and rescue workers waited for the embers to cool before beginning their search for the bodies of the missing.

Twenty men were on the "graveyard" shift when the explosion occurred. A dubb still, 50 feet high, through which crude oil passes in its first process of refinery, let go, spreading burning oil in all directions.

Bodies of the dead were found as far as 200 feet away from the still. They were charred beyond recognition.

Windows and glass doors in Parco were blown out.

The blaze was confined largely to the company's plant and did not extend into the main sections of the city. Buildings in the town were not damaged.

## DRILLING FOR OIL IN KANDIYOHI CO.

Willmar, Minn., April 6. — (UP)—Drilling for oil in Kandiyohi county during the last few days have given every indication that efforts of speculators in this section of Minnesota will not prove futile.

Experts in oil drilling who have been in this county for several weeks today declared that outbursts of gas and oil in the central section last week proves their predictions that the valuable liquid is abundant.

An old well which was worked several years ago created great excitement when new operations were started last Wednesday. Gas pressure forced a stream of water and debris high into the air while Alfred Holland and Oscar Walin were replacing the pump.

Holland, who is owner of the property located near New London, was working the pump when the pressure started. He narrowly escaped being injured as the apparatus was thrown about twenty feet high.

Gas and oil was also located near Lake Lillian in the southeastern part of the county.

Intensive drilling is planned in the near future by experienced oil men who have been studying prospective oil lands in this section for some time.

## LITTLE BABY MAY LOSE SIGHT OF EYE

St. Paul, April 5. — (UP)—A two-month-old baby may lose the sight of one eye as the result of a six inch fall here today. The child, Fred Schmiede, Jr., fell from a cradle swing which was but a half foot from the floor.

Offered by Lundin as an opportunity for republicans to split support of Thompson, but it was an ineffectual attempt. Thompson had the backing of all of the other republican leaders.

Mayor—F. E. Little	315	396	290	344	169	454	514	2482
George A. Cain	84	99	90	126	71	118	108	697

**For Aldermen**  
In the vote for alderman, Andrew Wesley was returned in the first ward, winning handily over J. A. McMannis.

W. J. Hall was elected alderman in the second ward, unofficial totals being: Hall 467 and W. E. Lewis 388.

In the third ward, Chris Elvig was re-elected, unofficial totals being Elvig 415 and William B. Erickson 270.

Alderman Ernest Ritari was re-elected in the fourth ward. Unofficial figures give him a vote of 384. Andrew J. Nelson next with 175 and P. M. Bisar third with 69 votes.

In the fifth ward R. H. Paine was re-elected, the unofficial figures being Paine 345 and M. L. Larson 256.

**For School Board**  
In the vote for school board, Louis F. Hohman was re-elected in the first ward, facing no opposition.

In the second ward, Mrs. Daisy Thabes was re-elected, also facing no opposition.

The third ward had two positions to fill. Elmer Forsberg was elected to the four year term, unofficial figures being Forsberg 381, S. A. Stanley 282. For the two year term R. W. Crust was elected, having no opposition.

John Hovick was elected member of the school board in the fourth ward. He had no opposition.

In the fifth ward M. E. Morrison was re-elected. He had no opposition.

**The Amendments**

Each of the amendments to the city charter went down to defeat with considerable minority in each. Amendment No. 1 which called for the division of the second ward into two wards, known as second ward and sixth ward, lost by the count of 1131 in favor, 1540 against.

Amendment No. 2, which called for increasing the maximum levy for the Park fund from three-fourths mill to one mill, lost, the vote being: in favor 1225, against 1351.

Amendment No. 3, which called for providing for reduction of aldermen from two members from each ward to one member from each ward, went under by the count of 1066 for and 1496 against.

The vote by wards follows:

<b>First Amendment</b>	Yes	No
First ward	105	221
First Precinct		
Second Ward	287	152
Second Precinct		
Second Ward	163	162
First Precinct		
Third Ward	220	169

## SURPRISE PARTY

Given by Ladies Aid of Swedish Baptist Church, Miss Ebba Anderson Honor Guest

The ladies aid society of the Swedish Baptist church recently, gave a very pleasant surprise in the church basement in honor of Miss Ebba Anderson of Southeast Brainerd.

Miss Anderson was presented with a purse of money as a gift from her many friends.

A short program was given which consisted of musical selections by a string band and also an address by Rev. Seth Jacobson.

Delicious refreshments were served at the close of a most enjoyable afternoon.

## Clara Lutheran Church

The ladies aid of Clara Lutheran church will be entertained in the church parlors Thursday afternoon at 2:30 o'clock by Mrs. A. S. Peterson and Mrs. Victor Peterson. May we look for a large attendance?

The Luther League will hold its regular meeting in the church parlors on Thursday evening at 8 o'clock. The following program will be rendered:

Hymn by the audience.  
Devotion, pastor and audience.  
Hymn by the audience.  
Selection—Elvia Benson.  
Selection—Ed. Wang.  
Song by the male chorus.  
Lecture: "The Crime of Cowardice" by the pastor.  
Song by the male chorus.  
Business session and social hour.  
No one has volunteered to entertain so the committee will have charge of the refreshments.  
This is an important meeting and all our young people should be there.

## Missionary Society

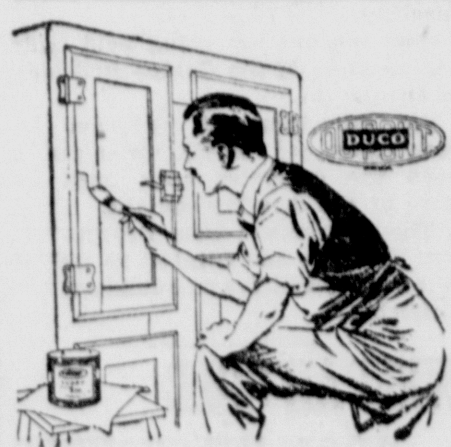

The Missionary society of the First Congregational church will meet Thursday afternoon at 3 o'clock at the home of Mrs. W. A. Erickson, 723 North Fourth street. The study will embrace a review of missionary work in Moslem lands.

Bethlehem Lutheran Ladies Aid  
The ladies aid of the Bethlehem Lutheran church, South Seventh street will give a spring supper tomorrow evening from 5 to 8 o'clock in the church basement.

Past Noble Grand's Club  
The Past Noble Grand's club will meet on Thursday, April 7, at the home of Mrs. A. G. Peterson, 1007 Kingwood street.

Women's Benefit Association  
The Women's Benefit association will hold its regular meeting April 7, in Odd Fellows hall. All members are urged to be present.

# DUCO For Every Purpose in the Home Chairs, Refrigerators, Tables

Right now is paint up and clean up time and the refrigerator should not be overlooked.

DUCO the inside and outside with this long wearing lacquer. White inside and DUCO gray outside, for instance.

There is a lot of use in your old chairs yet. Don't throw them away because they look worn. A new fresh coat of DUCO will bring them to life and make them mighty useful on the porch this summer. Many pretty colors.

## How the Bank Takes Orders from Its Depositors

Every check written by our depositors is an order on the bank to pay money to someone.

When you write a few words and figures on a slip of paper and sign your name, the bank does the rest. It does all the work, goes to all the expense, and never sends you a bill for the service rendered.

The bank is supposed to "get its pay" from the use of part of your money during the time when you are not using it yourself and have left it on deposit in the bank for safe-keeping.

But if you and other depositors keep drawing nearly all of this money out, then the bank is going to be "out." It will have been forced to work for no pay. And no bank, no business, or no man can afford to do that.

## Different Lumber for Different Uses Get the Right Kind for Your Use

The man who has studied the subject of coal will very quickly tell you that some coals are immensely more valuable than others, even when they look alike, for the simple reason that some coals contain a greater amount of heat units than others. In the same way, the man who knows about lumber can very quickly explain to you why some lumbers are more valuable and more adaptable than other lumbers for certain uses, even though the average observer would never detect any difference between the two.

Not only is this true as between species of woods, but it is equally true as between grades of lumber of the same species of wood. We know lumber. We know grades. And we are here to see that you get the necessary information and satisfactory service from the lumber that you buy—that what you get is properly adapted to the use to which you will put it so as to render you the greatest value and the greatest economy.

## SURPRISE PARTY

Given by Ladies Aid of Swedish Baptist Church, Miss Ebba Anderson Honor Guest

The ladies aid society of the Swedish Baptist church recently, gave a very pleasant surprise in the church basement in honor of Miss Ebba Anderson of Southeast Brainerd.

Miss Anderson was presented with a purse of money as a gift from her many friends.

A short program was given which consisted of musical selections by a string band and also an address by Rev. Seth Jacobson.

Delicious refreshments were served at the close of a most enjoyable afternoon.

## Clara Lutheran Church

The ladies aid of Clara Lutheran church will be entertained in the church parlors Thursday afternoon at 2:30 o'clock by Mrs. A. S. Peterson and Mrs. Victor Peterson. May we look for a large attendance?

The Luther League will hold its regular meeting in the church parlors on Thursday evening at 8 o'clock. The following program will be rendered:

Hymn by the audience.  
Devotion, pastor and audience.  
Hymn by the audience.  
Selection—Elvia Benson.  
Selection—Ed. Wang.  
Song by the male chorus.  
Lecture: "The Crime of Cowardice" by the pastor.  
Song by the male chorus.  
Business session and social hour.  
No one has volunteered to entertain so the committee will have charge of the refreshments.  
This is an important meeting and all our young people should be there.

## Misionary Society

The Missionary society of the First Congregational church will meet Thursday afternoon at 3 o'clock at the home of Mrs. W. A. Erickson, 723 North Fourth street. The study will embrace a review of missionary work in Moslem lands.

Bethlehem Lutheran Ladies Aid  
The ladies aid of the Bethlehem Lutheran church, South Seventh street will give a spring supper tomorrow evening from 5 to 8 o'clock in the church basement.

Past Noble Grands Club  
The Past Noble Grands club will meet on Thursday, April 7, at the home of Mrs. A. G. Peterson, 1007 Kingwood street.

Women's Benefit Association  
The Women's Benefit association will hold its regular meeting April 7, in Odd Fellows hall. All members are urged to be present.

Church Supper  
The regular supper of the First Congregational church will be served this evening in the basement of the church at 6 o'clock by Circle No. 3. The business meeting of the ladies aid will be held at 4:30 o'clock.

How the Bank  
Takes Orders  
from  
Its Depositors

Every check written by our depositors is an order on the bank to pay money to someone.

When you write a few words and figures on a slip of paper and sign your name, the bank does the rest. It does all the work, goes to all the expense, and never sends you a bill for the service rendered.

The bank is supposed to "get its pay" from the use of part of your money during the time when you are not using it yourself and have left it on deposit in the bank for safe-keeping.

But if you and other depositors keep drawing nearly all of this money out, then the bank is going to be "out."

It will have been forced to work for no pay: And no bank, no business, or no man can afford to do that.

## "NOT A KICK IN A MILLION FEET"

Most people think  
of lumber as "just  
lumber," precisely as  
they think of coal as  
"just coal."

Different Lumber for Different Uses  
Get the Right Kind for Your Use

The man who has studied the subject of  
coal will very quickly tell you that some coals  
are immensely more valuable than others, even  
when they look alike, for the simple reason  
that some coals contain a greater amount of  
heat units than others. In the same way, the  
man who knows about lumber can very quickly  
explain to you why some lumbars are more  
valuable and more adaptable than other lum-  
bers for certain uses, even though the average  
observer would never detect any difference be-  
tween the two.

Not only is this true as between species of  
woods, but it is equally true as between grades  
of lumber of the same species of wood.  
We know lumber. We know grades. And  
we are here to see that you get the necessary  
information and satisfactory service from the  
lumber that you buy—that what you get is  
properly adapted to the use to which you will  
put it so as to render you the greatest value  
and the greatest economy.

## INSPIRING MESSAGE GIVEN

Dr. W. R. Harshaw, Minneapolis,  
Addresses Presbyterian  
Church Gathering

### FUND CAMPAIGN STARTS

Eve of Building a New Church for  
the Local  
Parish

Declaring that the church needs adequate facilities in order to carry on its work, Dr. W. R. Harshaw, of Minneapolis, district secretary of the national boards of the Presbyterian church, brought an inspiring message to nearly fifty men at the First Presbyterian church last night, on the eve of the campaign for funds with which to build a new structure for the local parish.

"The work of Christian religion in America is the greatest of all businesses in number of members and people served, and one of the greatest in point of funds handled," said Dr. Harshaw. "To do effective work you need a sufficient church building. The chief purpose of any church is to aid those outside of its church membership, and this cannot be done as it should be done unless there are good facilities with which to work."

The speaker related the present trend of crime among the youth of our country, and pleaded for a larger concern on the part of church people for the moral and religious training of the boys and girls.

The meeting was one of a series being held in the local church as a loyalty fellowship campaign, which will culminate in the building fund campaign next Sunday, when officers of the church will canvass the church people for building subscriptions. Meetings have been held for the last four or five weeks, under the direction of the building committee, leading up to this campaign.

The men present partook of a de-

Clara Bow and Antonio Moreno in the Paramount Picture  
"It" An Elinor Glyn-Clarence Badger Production

Flapper of Filmdom, Clara Bow,  
Becomes Star in "It"

Way back in the days when "Down to the Sea in Ships" was cruising along, (must be at least four years ago!) stardom was being predicted for a certain impish young woman who played her first important role in that picture. Time passed and Clara Bow grew up. At least, she grew enough to step out of the "little girl" into the flapper class and it didn't take long for a coronation ceremony in which she was crowned queen of flapperdom.

Now, Clara is called Miss Bow and has a chair of her own at Paramount's West Coast Studio. What's that? Oh, she's a full fledged star. Has a director of her own, sees her name in big electric letters everywhere. Her first starring production, "It," adapted from Elinor Glyn's story, arrives at the Lyceum theatre today for a three day run. Clarence Badger directed a cast which is headed by Antonio Moreno.

In the Chrysler "50", Walter P. Chrysler and his corps of engineers, studying the field of fine and low-priced six-cylinder cars, strove to produce a four-cylinder car which would unmistakably advertise its greater value by its greater performance, greater sturdiness and greater long life.

In its 50-miles-plus per hour, 5 to 25 miles in 8 seconds, 25 miles to the gallon, they gave the public something immediate, something convincing, something final and conclusive with which to measure Chrysler "50" against and above anything around its class either in six or four cylinders.

Chrysler "50" has been overwhelmingly accepted by the public for what it was designed and built to be—the giant of its class in Standardized Quality, outstanding performance, full family size, complete appointment and every essential that makes for outstanding and indisputable value.

Coupe, \$750; Coach, \$780; Roadster, (with rumble seat), \$795; Sedan, \$830; Landau Sedan, \$885. All prices f.o.b. Detroit, subject to current Federal excise tax.

**CHRYSLER "50"**

**ERICKSON MOTOR SALES**

Opposite Court House

**CHRYSLER MODEL NUMBERS MEAN MILES PER HOUR**

In the Chrysler "50", Walter P. Chrysler and his corps of engineers, studying the field of fine and low-priced six-cylinder cars, strove to produce a four-cylinder car which would unmistakably advertise its greater value by its greater performance, greater sturdiness and greater long life.

In its 50-miles-plus per hour, 5 to 25 miles in 8 seconds, 25 miles to the gallon, they gave the public something immediate, something convincing, something final and conclusive with which to measure Chrysler "50" against and above anything around its class either in six or four cylinders.

Chrysler "50" has been overwhelmingly accepted by the public for what it was designed and built to be—the giant of its class in Standardized Quality, outstanding performance, full family size, complete appointment and every essential that makes for outstanding and indisputable value.

Coupe, \$750; Coach, \$780; Roadster, (with rumble seat), \$795; Sedan, \$850; Landau Sedan, \$880. All prices f. o. b. Detroit, subject to current Federal excise tax.

All Chrysler Cars are protected against theft under the Pedco System.

All Chrysler dealers are in a position to extend the convenience of time payments. Ask about Chrysler's attractive plan.

## CHINESE STUDENTS MANIFESTO

THE Chinese Students' Alliance in the United States has issued a manifesto to the people of America and the Dispatch gives sections prominence, so that one may gain their viewpoint. Of course, it must be remembered, that as students here they may be out of touch in sudden changes and events transpiring in their own country. The manifesto is dated February 10 of this year and since that time many changes have occurred.

"Today," says the manifesto, "China is facing the most important crisis in her relationship with foreign powers. For the last 80 years we have been under the yoke of the imperialism of the West. We have been thrown into the rank of enslaved races. While we are still an apparent free and independent people, we have practically lost all the essential rights that belong to a sovereign nation."

Among complaints enumerated are these:

"We have suffered territorial mutilations from the Great Powers either through outright concessions or through alienation by leasehold."

"Our territorial integrity is negatively impaired by the establishment of the 'spheres of influence' by the Powers."

"We have been denied the right of self defense by being forbidden through 'unequal treaties' to fortify our own strategic points, by having foreign garrisons stationed in our ports, by foreign administration of communication, and by foreign held naval bases."

"Our economic freedom is restricted by the low tariff imposed upon us by the Powers."

Protests are also made about "economic exploitation", judicial autonomy, administrative integrity, that the Chinese system of justice has been wrecked and that "our very existence is no longer safe in our own territory."

It is claimed that for the last ten years demands have been made to redress these grievances, but the claims were rejected.

It is claimed there is no desire to fight against Christianity, that the Chinese are not anti-foreign. "We have no objection whatsoever to the business and professional work of foreigners in China." But imperialism is resented.

"The United States is our traditional friend. She has done incalculable good in China. We appreciate her friendship. We have faith in your government, the birthplace of modern democracy. As our friends we appeal to you. We hope such a great people, righteous and humanitarian in tradition, will assert its influence."

## REGRETS INDIFFERENCE SHOWN

THE Minneapolis Tribune takes up editorially the apparent indifference shown by the legislature in regard to crime commission proposals for legislation.

Just why is it that proposed crime legislation backed by the crime commission is being viewed with such indifference.

"Rarely have we seen public opinion more solidly united behind any proposed legislation. Fifteen months ago when, as the result of a succession of peculiar indefensible and cold-blooded crimes, public indignation was at white heat, the newspapers for days and weeks were deluged with communications from people of every variety and shade of political opinion, and all were one in calling for drastic legislative action. For 15 months and more the newspapers of the state have been one in calling for drastic legislative action."

"In the cities countless clubs and civic organizations representative of public sentiment have been one in calling for drastic legislative action. Throughout southern Minnesota a series of mass meetings has been held and all have been one in calling for drastic legislative action."

"Why, then, the reluctance of the legislature to take the action everywhere so fiercely demanded and desired? Is it convinced that more and better crime is something devoutly to be wished for in Minnesota? Is it of the opinion that the legislature is a body intended to thwart the will of the people?"

"Does it want, by its attitude of indifference to the recommendations proposed by the crime commission, to imply that the carefully selected crime commission, which spent roughly a year in studying the crime situation, is inadequately qualified to evolve a program?"

## MAYOR LITTLE RE-ELECTED

MAYOR FRANK E. LITTLE has been re-elected mayor of Brainerd. Citizens have remembered that he has given generously of his time and energy in the office and that he has endeavored to give a good administration.

Mr. Little is aware of the benefit of our tourist trade and in his talks before Chamber of Commerce, Rotary and Lions clubs and various conventions visiting our city, has stressed its value and assured his hearty cooperation.

Brainerd enters upon an important tourist season this year. With the completion of the cement highway to Brainerd, the largest traffic in its history is expected. Brainerd has the honor of being the northern terminus of the 214 mile cement ribbon which stretches from near the Iowa border to Brainerd.

In the pavement celebration Mayor Little worked unceasingly, being a member of the various committees. He assisted to make a success of the Pathe film which gained national distribution.

## A HIGH SCHOOL STRIKE

THE high school strike of students at Superior, Wis., is not of a particularly edifying character and parents seem to have joined with pupils protesting against the removal of a school teacher.

As a counter attack the citizens committee seeks the ousting of president of the school board and superintendent of schools. School affairs can become of the most bitter kind, causing ill feeling that may take years to calm over.

It is not only the pupils that are involved, but the parents or guardians of the students.

Students of today and students of years gone by will admit that they have had strike feelings permeate their beings, but it wasn't caused by any teacher being forced to resign. The strike atmosphere became prevalent when fishing was good and when the old swimming hole beckoned.

MARCH with its several days of hot weather produced temperatures of the fresh kind.

WHITE HOUSE  
TODAY AND 10  
YEARS AGOSTRIKING CONTRAST BETWEEN  
QUIET ROUTINE  
TODAYCOMPARED WITH HECTIC SCENES  
WHEN U. S. ENTERED  
THE WAR

By THOMAS L. STOKES  
(United Press Staff Correspondent)  
Washington, April 6.—There was a striking contrast between the quiet routine at the White House today and the hectic scene on April 6, 1917, when President Wilson, with a pen stroke, signed the United States into war with Germany.

President Coolidge spent several hours in his office today—the same office occupied by Wilson—meeting a few callers, in an atmosphere of peace and prosperity. The only disquieting news was that brought from far-away China.

The scene 10 years ago was far different, as it was described today by Rudolph Forster, executive clerk at the White House, who played a part in the drama of April 6, 1917.

Forster, who was appointed in the McKinley administration, received the congressional resolution declaring war on Germany at his desk in the executive offices about 1 o'clock in the afternoon. His office, then, as now, adjoined that of the president's secretary, then Joseph P. Tumulty.

"A crowd in Mr. Tumulty's office was awaiting the news," Forster said.

"As soon as I received the resolution, I took it over to the White House. President and Mrs. Wilson came from the dining room, where they were having lunch."

The three, with Irwin H. Hoover, head usher of the White House, went into the head usher's office, opening off the spacious front hall. Sitting down at the table there, the president signed his name to the resolution, in the presence of Mrs. Wilson, Hoover and Forster.

"I phoned over to Tumulty after the president had signed the resolution, and he flashed the news," Forster said.

Forster fixes the time at about 1:20.

"President and Mrs. Wilson then returned to the dining room and I went back to the executive offices," Forster said.

When he returned to the executive office, Forster met a White House naval aide who was running out waving his hands to flash the news to the war department across the street.

Later President Wilson issued a formal proclamation declaring the United States at war with Germany. At 2:30, he joined his cabinet in a meeting to discuss war plans.

HEDDA HOYT TELLS  
ABOUT SNAKE-SKINS

By HEDDA HOYT

New York, April 6.—(UP)—If the war on reptiles continues, or rather, if the vogue for snake, lizard, crocodile and alligator skins continues, the Zoo will be the only safe place for a self-respecting reptile. The snake round-up in India and South America has already cost millions of little wiggling lives.

Everywhere one turns one sees coats, hats, frocks, handbags, gloves and accessories made of reptilian hides. Some of the newer felt hats are trimmed with snakeskin hatbands and buckles, with insects of snake used on the crowns. Where snake is used as a hat trimming it is repeated on shoes, handbags, belts, gloves or truck piping.

Entire coats of finger-tip length made of snakeskin are shown for sports wear. Even flower corsages made of snake are shown by some smart accessory houses. The use of snake bands on hats provides something new for millinery trimming.

For, whether you like it or not, the felt hat continues to rule supreme. Not a smart straw hat has been seen to date upon the streets. Of course, they are shown in shop windows in quantities but the simple little straw shape untrimmed save by a band of ribbon is to be a thing of the past, I fear. Velvet facings are being used on some black shapes and the velvet trimming idea is also repeated in applique flower design upon the crowns of some models.

One should say that black is by all means the most popular millinery shade at present with tan coming as a close second. Colorful hats are not being chosen by smartly dressed women it appears. Felt hats studded with nailheads or trimmed with beadwork prove that more feminine trim is being wanted by smart women this season. Both large and small shapes demand some sort of trimming as women are tiring of ribbon hatbands and similar simplicities. Feather flowers are utilized on many models.

FOUBISTER AND  
EVANS ELECTED  
COMMISSIONERS

Duluth, Minn., April 6.—(UP)—James E. Foubister and Chris E. Evans, endorsed by labor, were today declared victorious in election contests for places on the Duluth city commission.

The two successful candidates, who defeated James A. Farrell and George R. Reed, were former members of the city council under the aldermanic form of government.

Voters also approved the bond issue to build a new span across the ship canal, replacing the aerial bridge, but turned down the proposed street improvement bonds and the daylight savings ordinance.

BRAINERD  
25 YEARS AGO

From the Daily Dispatch

April 4, 1902

Foreman Nelson of the N. P. freight house is understood to have resigned his position to accept the position as agent for the N. P. at Scanlon.

The Misses Lillian and Ellen Chadwick left for Bertram this afternoon where the former has accepted a position to teach in the city schools.

Cashier George D. LaBar arrived home from Cass Lake this morning where he had been on business.

Attorney A. T. Larson arrived in the city this morning from Cloquet. He has decided to locate here and practice law and has taken offices in the Columbian building renting the suite left vacant by the removal of Attorney M. A. Spooner to Bemidji. Mr. Larson is a graduate of the U. of M. and is one of the brightest young men in the northern part of the state.

James Rogers, a brother of Wm. Rogers of the Dispatch, came down from Walker this afternoon for a few days visit.

L. E. Lum missed his train to Duluth yesterday but went out this morning.

## Devoted to Vocations

It is a characteristic of modern Russia that every woman and girl seems to devote herself to some vocation or other, and may even enlist as a soldier, if she desires, according to Paula Steiner, woman journalist, who has made repeated visits to Russia.

## Deadliest of Snakes

The cobra is the deadliest of all snakes. If it has bitten four or five persons in a short period, the sixth bite is not necessarily fatal. Otherwise the victim dies in a few minutes.

## Then You'll Know

The quickest way to learn all about human nature is to lend money to a lot of people.—System Magazine.

## "The Voice Returned"

THE "Great Blizzard" of 1888 had blocked railway traffic and disrupted mail and telegraph service. Through the drift-piled streets of Boston groups of men and women made their way to the public telephone stations, anxiously inquiring whether the long distance lines to New York were still in service.

"People did not want a message, they wanted to talk," runs a contemporary story. "They wanted to find out where the other party was, if he was alive, indeed.\*\*\*\*It was the voice returned, the personal interview, that was especially valuable."

A telephone conversation is the meeting of mind with mind, heart with heart. Today there are no limits of distance to the interchange of thought that binds all parts of the country together. Created in response to America's needs, a network of 50,000,000 miles of wire has given nation-wide scope to the "voice returned."

# WASHINGTON SENATORS' PENNANT CHANCE

## BUCKY HARRIS IS FACTOR AS MANAGER

UNLESS IT HAS GREAT PITCHERS, IT WILL BE NO BETTER THAN LAST YEAR

TEAM MAY BE WEAKER WITH WALTER JOHNSON, INJURED, OUT OF LINEUP

By HENRY L. FARRELL (United Press Staff Correspondent)

New York, April 6.—Like the Chicago Cubs, the New York Giants, the Pittsburgh Pirates, and the Brooklyn Robins, who have commanding personalities as managers, the Washington Senators are being considered more of a possibility for the American league pennant than form would justify. The reason is the established managerial ability of young Bucky Harris.

Unless some great young pitchers are found in the \$150,000 ear load the club bought in the minors and unless Tris Speaker has had rubber serum put in his legs, the club will be no stronger than it was last year.

On the other hand, with Walter Johnson out with a broken ankle and a problem being faced on the left side of the infield, the team may be weaker.

But the Senators are being picked as a favorite. Babe Ruth says Washington is the only club in the league the Yankees will have to beat to win the pennant and other critics rate the Washington club as one of three strongest.

In the final analysis, that seems to be an indirect tribute to the ability of Harris and a compliment to the spirit of the club.

Much has been said of the brains of the board of strategy that Connie Mack has organized in his Philadelphia club but Washington has perhaps as high-powered a thinking staff in Clarke Griffith, Harris, Tris Speaker, Nick Altrock, and Al Schacht. The inclusion of the clowns, Nick and Al, will be considered as a joke only by those who do not know what they do when they are not clowning.

Brilliant infield work was a big factor in winning two pennants. The double play killing made by Peck and Harris around second base made the infield almost as celebrated as the old Chicago Cub Combination.

But the same brilliant combination did not work last year. Buddy Myer at shortstop handled his position well but he could not start or pivot a double play as Peck could.

Myer, so far this year, has been off his game. Harris finally tried Bluege at short and Myer at third, but he may have to bench Myer for Reeves, a youngster. The move might improve the defense of the team but it would rob the club of a fine hitter.

Even if he is able to play regularly through the season, the club should benefit from the presence of Tris Speaker. In the field or on the bench he will be of value.

Earl McNeely is far from a sap ball player. Nothing need be said about Goose Goslin and Sam Rice. Their class is known and recognized.

It was a surprise to some when Muddy Ruel complained that he was asked to take a cut in salary and when the club bought Mickey O'Neil from the Brooklyn Robins. Ruel was regarded by the fans as one of the greatest catchers in the league but club house dope gives the information that he wasn't a quick thinker and didn't observe enough.

## NATIONAL A. A. U. MEN'S INDOOR SWIMMING TOURNEY

Chicago, April 6.—(UP)—One new world's mark was on the record books today following the first night's events of the National A. A. U. men's indoor swimming championships in which the Illinois Athletic club took a commanding lead.

The I. A. C. 100 yard medley relay team composed of Johnny Weismuller, Richard Petersen and A. W. Kimball, splashed through the water in the record time of 3:06 1-5.

The record breaking team barely nosed out the fast trio from the Brooklyn Central Y. M. C. A.

The I. A. C. today has an advantage of 6 points with three more nights of competition.

It was Johnny Weismuller, fastest short distance swimmer in the country, who was mainly responsible for the I. A. C. showing. In addition to being a member of the medley relay team, he won the 100 yard free style swim, his favorite event, in 51 2-5.

Relay Swim on Mississippi  
Mbiole, Ala. Bill Jackson, long distance swimmer, has announced intentions of attempting a relay swim of the Mississippi river between St. Louis and New Orleans. The attempt will be made late in May or early in June.

## BRAINERD "Y" IN STATE GAMES

MEETS WINNER OF PROCTOR-MANKATO GAME ON SATURDAY

The Brainerd Y. M. C. A. basketball team will play its first tournament game in the state Y. M. C. A. meet on Saturday at 12 noon, meeting the winner of the Proctor-Mankato game. Brainerd drew the bye in the first round.

Eleven teams are entered in the senior division of the basketball tournament. Proctor, Mankato, Minneapolis, Virginia, Duluth Central, West Duluth, St. Paul, Red Wing, Two Harbors and Rochester are entered.

Play starts at 7 o'clock on Friday evening, with the final game scheduled for 9 P. M. Saturday.

Besides basketball, there will be state Y. M. C. A. championships determined in handball, both singles and doubles, swimming and gymnastics.

## DESPONDENT MAN HANGED HIMSELF

Chisholm, Minn., April 6.—(UP)—Despondent because Rochester physicians were unable to relieve his leg injury, John Lundwall, 49, Chisholm policeman, hanged himself to a barn rafter here today.

Lundwall, a year ago, accidentally shot himself in the leg and the wound failed to heal. He returned from Rochester Tuesday where physicians declared nothing could be done to relieve the leg condition.

The policeman was said to have hanged himself in his own barn after a sleepless night.

## Birth of Wireless

The first wireless message sent from a ship at sea was dispatched from the American liner St. Paul to the Needles November 15, 1899, the vessel being then 66 miles from the land station.

The wireless was first used in saving lives early in 1900, when Jack Binns sent out his memorable call for help from the stricken ocean liner Republic, after its collision with the Florida off Nantucket.

## Encouraging

Frank Lawrence went on location with Sam Rock's First National Unit and stepped into a roadside cafe, lured by the sign "Roast Chicken." After waiting until he nearly fell asleep he called the girl and demanded where his chicken was.

"It will be here pretty quick," the girl assured him. "The cook hasn't killed it yet, but she's gotten in a couple of nasty blows."—Los Angeles Times.

## Freighter Unloads Itself

In marine equipment the tendency to adopt electric drive throughout for all auxiliary service as well as for propulsion has been evidenced by the construction of a self-unloading bulk freighter and dredge of the suction and dipper type, each of the three craft being the largest and most powerful of its type. Improved auxiliaries included new deck winches, automatic mooring winch and an automatic towing machine.

## FIRMS AND LODGES START SEASON IN DIAMONDBALL

COMMERCIAL AND FRATERNAL LEAGUES TO PLAY UNTIL BASEBALL STARTS

SIX TEAMS MAKE UP EACH CIRCUIT. WINNERS TO BATTLE FOR CITY TITLE

Firms and lodges of the city are getting ready to start playing diamondball, which is the new and of field name for kittenball. Six business organizations compose the Commercial league, with six lodges making up the roster of the Fraternal league.

Games will be played each week day night except Saturday night, until the baseball league season starts. The schedule is drawn so as to end when baseball gets under way. The games will begin at 6:15 P. M. and will be played at the Main street grounds near the water tower, and at the baseball diamond, the leagues alternating in the use of the two grounds each week.

The teams composing the Commercial league are Nash-Finch Co., J. C. Penney Co., John M. Bye Clothing Co., Brainerd Fire Department, N. P. Storehouse and N. P. Scrapdock. In the Fraternal league it is expected that the following teams will be represented with teams: Tall Cedars, DeMolay, Knights of Pythias, Eagles, Odd Fellows and Moose.

The first game was played last night at the water tower between the John M. Bye Co. and Nash-Finch Co. A regular schedule will be announced shortly. Games will be five innings in length during the first two weeks. After the first two weeks seven innings will be played. The official national rules of diamondball will govern the playing.

## Reiselt Endangers Augie Kieckhefer's Three Cushion Crown

Chicago, April 6.—(UP)—Augie Kieckhefer's first defense of his world's three cushion billiard championship today appeared almost hopeless as Otto Reiselt, of Philadelphia, former champion, led a commanding lead in the challenge match.

After three blocks the count stood at 189-132 in Reiselt's favor. The first sixty round blocks are to be played this afternoon and tonight.

Reiselt played amazingly good billiards to forge far into the lead last night. In the first 29 innings he scored 31 billiards. He ran out his string in 51 innings.

## Veteran Barber

Philip Seidensticker of Galveston, Texas, who asserts he is the oldest active barber in Texas, celebrated his eightieth birthday by putting a smart boyish bob on the head of a 1927 model flapper. Seidensticker says that in addition to doing tonsorial work for members of the younger generation, his customers have included governors, generals, bishops and prize fighters.—Indianapolis News.

## FIGHT RESULTS

Allentown, Pa.—Allentown Johnny Leonard easily outpointed J. Bush of Shandaoah in 10 rounds.

Portland, Me.—Tommy O'Toole of Portland, decisively defeated H. Ford, Boston.

New York.—Sergeant Sammy Baker won a 10-round decision over George Ward, Elizabeth, N. J. Willie Harmon drew with Tommy White of Houston.

Albany, N. Y.—Billy Leonard of Syracuse won a decision from Bert Schneider of Canada in 12 rounds.

Harrisburg, Pa.—Mickey Chaplin, Scranton, fought eight rounds to a draw with Johnny Hayes, Philadelphia.

## 16 AMATEURS TO TEE OFF IN GOLF PLAY AT PINEHURST

Pinehurst, N. C., April 6.—(UP)—Sixteen amateurs will tee off today in the first round of the United North and South Amateur Golf Tournament with George Voight, Washington, D. C., the medalist, as favorite.

Voight shot sensational golf for low medal honors. In both rounds he played well under par and his total for the 36 holes was only one stroke over the amateur record established by Bobby Jones at Sunningdale, England.

Yesterday Voight went out in 35 and came in with a 33. This gave him a total for the qualifying round of 135.

Voight was 12 strokes ahead of his nearest competitor, W. C. Fownes, Jr., Pittsburgh, who had 147. Phillips Finley, 17, of New York, was third in the qualifying round.

## MAKE FIRST PLACE IN TWO MAN EVENT

MIKE FLICK AND FRED SNYDER TURN IN 1317 COUNT

GOT AWAY WITH A 446 START AT A. B. C. AT PEORIA

Peoria, Ill., April 6.—(UP)—Rolling a brilliant series of ten pins, Mike Flick and Fred Snyder, of Erie, Pa., went into first place in the two-man event of the American bowling congress tournament late Tuesday, with a 1,317 count. Getting away to a 446 start the pair came back with 432 and finished with 441 to nose out Art McKeown and Adolph Carlson of Chicago, who had held the lead for three days with 1,314.

Jimmy Smith "the world's greatest pin toppler," shot into seventh place in the all-events with 1,908. He finished his singles with a 256 game to grab a 673 total for sixteenth place in that division.

## FORD MOTOR CO. CARRIES HUGE CASH BALANCE

Boston, April 6.—(UP)—The Ford Motor company's balance sheet for December 31, 1926, filed today with the commissioner of corporations here showed the company carrying an item of \$413,709,361 as its cash balance, including patents and trade marks, securities owned and bills receivable.

The sheet showed total assets of \$784,208,080, as compared with \$742,913,568 a year ago.

# WASHINGTON SENATORS' PENNANT CHANCE

## BUCKY HARRIS IS FACTOR AS MANAGER

UNLESS IT HAS GREAT PITCHERS,  
IT WILL BE NO BETTER  
THAN LAST YEAR

TEAM MAY BE WEAKER WITH  
WALTER JOHNSON, IN-  
JURED, OUT OF LINEUP

By HENRY L. FARRELL  
(United Press Staff Correspondent)

New York, April 6.—Like the Chicago Cubs, the New York Giants, the Pittsburgh Pirates, and the Brooklyn Robins, who have commanding personalities as managers, the Washington Senators are being considered more of a possibility for the American league pennant than form would justify. The reason is the established managerial ability of young Bucky Harris.

Unless some great young pitchers are found in the \$150,000 car load the club bought in the minors and unless Tris Speaker has had rubber serum put in his legs, the club will be no stronger than it was last year.

On the other hand, with Walter Johnson out with a broken ankle and a problem being faced on the left side of the infield, the team may be weaker. But the Senators are being picked as a favorite. Babe Ruth says Washington is the only club in the league the Yankees will have to beat to win the pennant and other critics rate the Washington club as one of three strongest.

In the final analysis, that seems to be an indirect tribute to the ability of Harris and a compliment to the spirit of the club.

LIVELY AUTO COMPANY

This is to be the Biggest "Clean-Up and Paint-Up" Season of them all

"LET'S GO"

If you had a thousand arms and hands, they could be used, each and every one, in beautifying your home. There's a real zest in it, too. The "handy man around the home" has come to be an American Ideal. Why not?

To begin with, for any man or any woman, it is vigorously health-giving exercise. And when the tasks are completed, you have a "show place"—not just a house and lot. Every nail a man drives, every stroke of a brush, every new shrub and tree added to his place, is a form of investment.

Clean Up and Paint Up

WONDERS CAN BE ACCOMPLISHED

Is is remarkable what can be accomplished in a comparatively short while when the "family" gets busy around the yard. What a difference it makes! A neatly cropped lawn, painted flower boxes, filled with smiling blossoms, trellises repainted, fences mended, trash cleaned up, porch floors gone over—these details are essential.

The painter can make an old house look new. Sometimes a new house looks old because it needs a new coat of paint. And that new house will remain new longer if it is painted, regularly, when paint is needed.

Fix-up! Father can be of real help in this field. Get a tool chest and attend to the run-down items that stare you in the face all through the year, yet which you never seem to get around to correcting.

POLICE SEEK MORON IN CONNECTION WITH SLAYING OF WOMAN

El Paso, Tex., April 6.—(UP)—Police of the entire countryside today sought a moron in connection with the axe murder of Mrs. Juana Maynez, 48, a widow, and her 14-year-old daughter, Anita, at their home near Berino, N. M.

Mrs. Maynez's head was crushed as she lay in bed. Her daughter's partly disrobed body was found lying on the floor in an adjoining room. The axe with which the killing was done lay across her forehead.

The bodies were found by Luis Maynez, 16, a son of the slain woman, upon returning home last night.

MISSING COASTWISE AIRPLANE IS FOUND; MASS OF WRECKAGE

San Francisco, April 6.—(UP)—The missing coastwise air mail plane has been found, a mass of wreckage, near Gustine, Merced county, with both its occupants dead, according to word received at Crissey field here today.

The plane was burned, and bodies of Edward A. Neher and Albert Schaller, its occupants, were found seated beneath the wreckage.

Sheriff T. M. Hogan, of Modesto, left that city upon report of discovery and sped to the scene.

The plane had been missing since Sunday when it failed to reach here on its regular journey north from Los Angeles.

Even a BEAUTIFUL HOUSE needs PAINT

Architecture can't do everything for a house and a home. Its lines may be altogether charming and artistic but if it needs painting and its roof needs staining, at least fifty per cent of the visual appeal is absent.

People build a house or buy a new house and think that this ends their responsibility. But paint doesn't last forever. As the seasons pass, with their blistering suns and their rains and snows, much of the original beauty vanishes. You may not notice it—but your neighbors do.

JUDD WRIGHT & SON

Paint Makes a difference, doesn't it?

Your neighborhood says "Yes." You will be the first to acknowledge that it makes all the difference in the world. There is always apt to be that moment of hesitation when you THINK you can't "afford it this year." But you MUST!

Another year of neglect and real estate values may go down several pegs. What the elements do to wood is now very generally known. But the cost of prevention is relatively not great—nowhere near as much as you might suppose. Consult us—we will prove that it is an economy from the VERY START.

FRANK & JAMES STORE

Clean Up and Paint Up

*This is to be the Biggest "Clean-Up and Paint-Up" Season of them all*

**"LET'S GO"**

If you had a thousand arms and hands, they could be used, each and every one, in beautifying your home. There's a real zest in it, too. The "handy man around the home" has come to be an American Ideal. Why not?

To begin with, for any man or any woman, it is vigorously health-giving exercise. And when the tasks are completed, you have a "show place"—not just a house and lot. Every nail a man drives, every stroke of a brush, every new shrub and tree added to his place, is a form of investment.

**Clean Up and Paint Up**

#### WONDERS CAN BE ACCOMPLISHED

It is remarkable what can be accomplished in a comparatively short while when the "family" gets busy around the yard. What a difference it makes! A neatly cropped lawn, painted flower boxes, filled with smiling blossoms, trellises repainted, fences mended, trash cleaned up, porch floors gone over—these details are essential.

The painter can make an old house look new. Sometimes a new house looks old because it needs a new coat of paint. And that new house will remain new longer if it is painted, regularly, when paint is needed.

Fix-up! Father can be of real help in this field. Get a tool chest and attend to the run-down items that stare you in the face all through the year, yet which you never seem to get around to correcting.

#### POLICE SEEK MORON IN CONNECTION WITH SLAYING OF WOMAN

El Paso, Tex., April 6.—(UP)—Police of the entire countryside today sought a moron in connection with the axe murder of Mrs. Juana Maynez, 48, a widow, and her 14-year-old daughter, Anita, at their home near Berino, N. M.

Mrs. Maynez's head was crushed as she lay in bed. Her daughter's partly disrobed body was found lying on the floor in an adjoining room. The axe with which the killing was done lay across her forehead.

The bodies were found by Luis Maynez, 16, a son of the slain woman, upon returning home last night.

#### MISSING COASTWISE AIRPLANE IS FOUND; MASS OF WRECKAGE

San Francisco, April 6.—(UP)—The missing coastwise air mail plane has been found, a mass of wreckage, near Gustine, Merced county, with both its occupants dead, according to word received at Crissey field here today.

The plane was burned, and bodies of Edward A. Neher and Albert Schaller, its occupants, were found seated beneath the wreckage.

Sheriff T. M. Hogan, of Modesto, left that city upon report of discovery and sped to the scene.

The plane had been missing since Sunday when it failed to reach here on its regular journey north from Los Angeles.

**Even a BEAUTIFUL HOUSE needs PAINT**

Architecture can't do everything for a house and a home. Its lines may be altogether charming and artistic but if it needs painting and its roof needs staining, at least fifty per cent of the visual appeal is absent.

People build a house or buy a new house and think that this ends their responsibility. But paint doesn't last forever. As the seasons pass, with their blistering suns and their rains and snows, much of the original beauty vanishes. You may not notice it—but your neighbors do.

## WIFE HELD ON MURDER CHARGE

William Kenney, 65 Years Old,  
Found Dead in Straw Pile  
at Rear of Home

### A LITTLE FALLS TRAGEDY

Blood Stained Hammer Found Near  
Scene Indicates Weapon  
Used in Crime

Apparently beaten to death with a hammer, the body of William Kenney, aged 65 years, was found hidden in a strawpile at the rear of his home in Little Falls by Morrison county authorities last evening and Mrs. William Kenney was arrested, charged with the murder.

A blood-stained hammer was found near the scene of the tragedy. The dead man's wife was placed under arrest by Sheriff Paul Felix.

A laborer who worked at odd jobs around Little Falls, Kenney had been missing for several days. Examination of the body indicated that it had been in the strawpile for two days or more. Mrs. Kenney is about the same age as her husband.

The couple have two daughters who have been living away from home for some time.

A motive for the killing has not yet been determined.

Little Falls, Minn., April 6.—(UP)—The brutal murder of her crippled husband was charged today to a 65-year-old woman.

The woman, Mrs. William Kenney, of Little Falls, was arrested after the body of her husband, aged 70 years, was found concealed in a straw stack in the rear of their home.

The husband's head had been battered and hacked. An axe and a hammer, both stained with blood, were in a nearby shed.

Mrs. Kenney was placed in jail.

Although Kenney is believed to have been slain at least ten hours earlier, his body was not found until the wife had told a neighbor that he had killed himself, and asked what to do about it.

This was late Tuesday. The neighbor summoned authorities and Mrs. Kenney pointed out the body.

Kenney was killed early Tuesday, it is believed.

A coroner's jury convened Tuesday night, returned a verdict finding that Kenney had been killed by "an axe and a hammer used by his wife," and ordered her held.

Neighbors who appeared before the jury testified Mrs. Kenney had threatened to kill her husband.

A special grand jury will meet Thursday.

### NOTICE

Sealed bids will be received by the City Council of the City of Brainerd at 8:00 o'clock P. M., April 18th, 1927, for the reconstruction of approximately 146 lineal feet of sidewalk, also six cu. yds. of fill, on South Sixth Street South of Pine Street, Lots 8 and 9, in Block 185, and Lots 13, 14, 15 and 16, in Block 187.

All work to be in accordance with plans and specifications on file in the office of the City Engineer of the City of Brainerd.

All bids must be made on blank forms furnished by the City and each bid must be accompanied by a certified check payable to the City Treasurer of the City of Brainerd for at least five (5) per cent of the total amount bid.

Plans and specifications may be seen and blank forms of proposal obtained at the office of the City Engineer of the City of Brainerd.

The right to reject any or all bids is reserved by the City Council.

By order of the City Council.  
E. T. FLENER,  
City Clerk.

**Polar Regions Not Alike**  
The south polar region averages colder and stormier than the north polar region and lacks the flora and fauna which approach the actual pole in the north.

### CARD OF THANKS

## PERFECT PLANS FOR GOOD FRIDAY

City Wide Services to be Held at the  
Park Theatre by Various  
Churches

### PLAN MINISTER'S RETREAT

Brainerd Minister's Association Favor  
Presentation of Program  
at Wigwam

The Brainerd Minister's Association convened in regular session at the Chamber of Commerce rooms last Monday. After devotions by Rev. J. R. Michaelson the special items of business disposed of were:

The adoption of the program presented by Rev. N. P. Olmsted for a Minister's Retreat at the Wigwam in Merrifield the Monday before Easter.

The perfecting of plans for the city Good-Friday services at the Park theatre, and the preparation of placards to be put at the hotels, tourists park, and summer resorts inviting tourists to the churches in Brainerd during the summer was also ordered.

The order of the day was of special interest. A most able and analytical review of Professor Joseph Klausner's book entitled "Jesus From the Jewish view point," was presented by the Rev. P. G. Fallquist of the Swedish Bethany church. Professor Klausner is a teacher in the new Hebrew University in Jerusalem and editor of the Zionist Herald, the paper promoting that movement. The author of the book accounts for Jesus on purely naturalistic grounds, completely subject to his environment and entranced by nationalistic dreams.

The Rev. Fallquist went into the discussion of the book with the dialectical skill of one to the admiration of those present—showing the untenable positions of the authors' main contentions about Christ, his own Old Testament scriptures being contradictory if they bear not witness to the founder of christianity. The book is but another proof of the Pauline contention, "that blindness, in part hath happened to Israel until the fullness of the Gentiles be come in."

When Professor Klausner's book appeared in 1922 it created so much

excitement among the Hebrew scholars of this country that even the liberal and tolerant Rabbi Wise of New York City revolted against its extreme positions, calling on his race—brethren to step out and accept Jesus, at least, as a race brother and then let him stand or fall with the relative strength or weakness of his own claims concerning his divine nature and mission. It was an illuminating hour. Rev. Fallquist showed the value of ministers coming in contact with opinions opposed to their conventional and inherited modes of thinking. The cultural benefits of such studies can hardly be overestimated.

By request of the chair, Rev. Robert J. Long voiced in a happy vein the hearty appreciation of the association.

Evangelist W. O. Larson of Minneapolis who is holding revival meetings in Crosby, was present and accorded the privileges of the association.

## "ARCHERS" WILL OPEN SATURDAY

Special Dinner Will Feature Opening  
at 5:30 P. M. in New  
Establishment

### COMPLETE ARRANGEMENTS

Restaurant and Confectionery Store  
in New Elks Home is  
Well Planned

"Archers," new restaurant and confectionery store in the Elks home will open to the public at 5:30 o'clock on Saturday afternoon, April 9, with a special dinner as the opening feature, according to the announcement made today by Misses

Jessie A. and Helen H. Archer, proprietors of the shop.

Finishing touches and decorations are today being added to the establishment and with the arranging of the draperies and curtains tomorrow "Archers" will be prepared to meet the demands of the public.

L. E. Benninghouse, formerly of Ivy's, Minneapolis, has been employed to have charge of the 20 feet liquid carbonic soda fountain, rated among the best fountains manufactured. The fountain has a capacity of 30 gallons of bulk ice cream, 10 gallons of brick ice cream and a compartment for bottled goods, with a coffee percolator, automatic toaster, steam counter and sandwich board to serve lunches. Jersey special brand ice cream will be served.

The establishment will cater to dinners, lunches, ice cream and confectionery. The private dining has 11 tables while the main part of the store has eight booths.

## WORLD FLIGHT OF DE PINEDO IS HALTED

FIRE DESTROYS HIS GIANT TWIN  
MOTORED MONO-  
PLANE

EXPLOSION OCCURS AT ROOSE-  
VELT LAKE, ARIZ., NO  
ONE HURT

Roosevelt Lake, Ariz., April 6.—(UP)—The world flight of Commander Francesco De Pinedo, conqueror of uncharted air lanes, came to a halt here today when fire destroyed his giant twin motored monoplane. No one was injured.

De Pinedo was talking to newspapermen on the shore when a sudden blast was heard on the lake at the landing buoy and the big ship was instantly a mass of flames.

Mechanics who had been adjusting the motor in preparation for the next leg of the flight leaped overboard and swam to safety while the big plane burned furiously.

De Pinedo had come ashore only a short time previous to the disaster which ended his dreams of a triumphant flight.

He had stayed with his craft in mid-lake while mechanics tuned up the engines and until the work of refueling with 300 gallons of gasoline was begun.

The airman was standing at the landing, talking casually with newspapermen, when the blast occurred. "My trip here from Hot Springs was uneventful," the airman had just told the United Press.

"It took me a bit longer than I expected but we made it in good time at that, and we are feeling great."

Just as the flyer outlined his plans for going on to San Diego this afternoon on a non-stop flight of 400 miles, the blast occurred.

It was presumed that some of the gasoline being poured into the fuel tanks had dripped onto a part of the heated engine, setting off the explosion.

Hot Springs, N. M., April 6.—(UP)—Commander Francesco De Pinedo, fascist world flier, hopped off from Lake B. M. Hall at 6:15 A. M. here today for Roosevelt Dam near Phoenix, Ariz.

De Pinedo said before hopping off that he expected to reach Roosevelt Dam at approximately 10 A. M. and after a short rest will proceed to San Diego, Cal.

His route to Roosevelt Dam lies over Deming and Lordsburg, N. M.

The fascist flier was forced to spend the night here by an over-heated engine which made his departure from Lake B. M. Hall yesterday impossible. Mechanics overhauled the motor last night and De Pinedo experienced little trouble in taking off today.

The fascist air rose from the waters after the third trial, cutting a swath for eight miles before taking the air. His giant silver colored monoplane's weight had been reduced to seven tons and he is carrying only 250 gallons of gasoline.

De Pinedo said this was the lightest he had traveled since leaving Italy.

## NO MORE CHICKEN IN THE HOME OF THOS. M. SKINNER

Denver, Colo., April 6.—(UP)—There will be no more chicken, stewed, fried, boiled or otherwise, in the Thomas M. Skinner household for some time to come.

Mrs. Skinner has found her diamond ring.

One year ago Mrs. Skinner lost the ring in her chicken coop. Search was unavailing. So she decided one of her chickens had swallowed it.

Nothing remained but to kill the chickens, one by one, search their gullets, and serve chicken hash, chicken soup and chicken dumplings to the Skinner family. And there were some, two hundred chickens.

Time went on. The feathered population in the Skinner backyard grew smaller and smaller. But still no diamond was revealed. The Skinner family began to rebel at a diet composed so largely of chicken.

Finally only one hen remained. It was a pet and Mrs. Skinner didn't want to kill it, but it became ill and died. Mrs. Skinner held a post-mortem.

There gleamed the diamond in the gizzard of the last chicken.

## DUTCH STEAMER WITH 150 CHINESE RUNS AGROUND

Hongkong, China, April 6.—(UP)—The Dutch steamer Tjilboet, carrying 1,500 Chinese coolies to Java, was aground today on an island 15 miles south of Hongkong. The sea was rough.

A British cruiser rescued 500 of the coolies, and other ships were standing by.

The Tjilboet is a twin screw steamer of 5,760 tons. Batavia is its port of registry. It plies between Japan, China and Java.

## SOVIET RUSSIA PROTESTS INVASION OF ITS EMBASSY

Berlin, April 6.—(UP)—Soviet Russia will protest strongly to the Peking government, the United Press was informed today, against the invasion of the Russian embassy compound at Peking and the seizure of several persons found there.

## DWINDLING SCHOOL ATTENDANCE

MARKS 4TH DAY OF CENTRAL  
HIGH SCHOOL STRIKE  
AT SUPERIOR

Superior, Wis., April 6.—(UP)—Dwindling school attendance marked the fourth day of the Central high school strike here today as Superintendent of Schools Spencer reiterated the reasons why Miss Lulu Dickenson had been dismissed from the teaching staff. The strike was called to bring about the instructor's reinstatement.

Less than a hundred of the approximately 1,600 students returned to their school tasks Tuesday compared to the 110 on Monday.

Superintendent Spencer declared in a lengthy statement that criticisms of the policies of the board of education made by Miss Dickenson before her students brought about her dismissal.

Specific charges made by Spencer included: "criticism of the value of the work done by the research department; of the guidance pamphlets issued by occupation teachers; of the money spent for supervision; of the superintendent's policy regarding salaries, and of the extravagance in publishing the superintendent's annual report."

Miss Dickenson has not asked for a public hearing of her case, Spencer said and added, "if she wishes the board to make public these statements we will do so."

"Disloyal and unprofessional conduct" brought the teacher's dismissal, Spencer added. "It was not a question of whether Miss Dickenson was unjustified in making the criticisms," he superintendent said, "but whether a teacher was justified in making them to her pupils."

No disorders have marked the strike as yet, either at the school or downtown. Fifty pupils at East High have joined the Central students in a sympathetic strike.

## Vast Increase in State School Facilities

St. Paul, Minn., April 6.—(UP)—Figures based upon estimates from all school districts in the state indicate a vast increase in Minnesota school facilities will be established by next fall.

Reports made to S. C. Challman, state director of school buildings, estimate a total of \$2,230,000 to be spent this summer for new high schools, additions to present institutions, gymnasiums and country school houses. More complete reports, Challman stated, will raise his estimate to nearly \$3,000,000.

Minnesota has a very creditable record for increasing educational institutions, he said.

The total appraised value of public school buildings and sites in the state is \$132,353,764 as compared with \$47,459,377 total appraised value 10 years ago.

Schoolhouses in the state total 9,124. The average value is \$14,349.

The figures on the number of buildings and their value were given in reports by clerks of school board of various counties to the Department of Education.

Work planned for this summer in Minnesota school districts will add approximately 300 rooms to the present number of classrooms and will accommodate nearly 5,000 additional students.

## FRENCH VILLAGE WROUGHT UP OVER SLAYING OF MAN

St. Louis, Mo., April 6.—(UP)—"Horrisan, slumbering old French village in St. Louis county, was tense with excitement today as the climax of the slaying of Robert Macklin, 54, cement mixer, and the probable fatal wounding of Joseph Richter, 2, a rural mail carrier, by John fueller, 71, for 20 years the town marshal.

Macklin was slain by the officer last night after the two men had tagged two fist fights earlier in the day. Two bullets penetrated his forehead almost at the same spot between the eyes.

Richter was shot in the abdomen when he stepped between the two men to make peace as the aged marshal drew his revolver.

Leaving the scene of the slaying, fueller crashed his automobile into a telephone pole, boarded a street car and was arrested by constables while en route to St. Louis.

Cause of the bitter feeling between the two men is not known. A coronor's inquest will be held today.

## SEEK TO UNCOVER POWERFUL CRIME, SMUGGLING RING

CLAIMED TO BE ENGAGED IN  
BRINGING IN CHINESE  
ALIENS

ALSO OPIUM INTO CALIFORNIA,  
BY LAND, SEA AND  
AIR

Los Angeles, April 6.—(UP)—Federal authorities today were attempting to uncover a powerful crime ring said to be engaged in the wholesale smuggling of Chinese aliens and opium into California by land, sea and air.

Activities of the ring were disclosed to authorities last night. According to the disclosures a former lieutenant of "Scarface Al" Capone, Chicago gang leader, is at the head of the organization.

Two aviators, Jack Knight and Rex Smith, have been arrested, charged with running Chinese into California from Mexico. Knight has been indicted by a grand jury and Smith is to appear before the same body on April 13.

Both air pilots disclaim any knowledge of a smuggling ring.

Smith, said to be a world war flyer and holder of several altitude records, was arrested three weeks ago when his plane was forced down near San Bernardino. Federal officers said they found three Chinese in his plane.

The Orientals, it was said, were consigned to Victorville from Mexico and Smith was to receive \$200 each for their safe delivery.

Both Smith and Knight have been released under \$5,000 bail.

## RIGID SILENCE ON WAGE FIGHT

JOHN L. LEWIS HAS NOTHING TO  
SAY ON STRIKE IN SOFT  
COAL FIELDS

Indianapolis, Ind., April 6.—(UP)—Maintaining a rigid silence on the bituminous wage fight, John L. Lewis, international president of the United Mine workers, was back at union headquarters here today from a trip to Illinois.

The stand of the miners was made plain in the program announced by the union policy committee on the eve of the walkout of 170,000 men last week and the next move is up to the operators, in the opinion of Lewis.

As yet, operators of the central competitive fields of western Pennsylvania, Ohio, Indiana and Illinois have refused to enter district conferences and the situation in the southeastern fields is likewise deadlocked.

While a number of small mines are remaining open under temporary working agreements, the vast majority of operators are holding out for a wage reduction.

There is no prospect at this time of a general wage conference between operators and miners, and further peace moves will be made on a district basis, it was indicated at union headquarters.

## DIVISION OF GAME AND FISH MINNESOTA DEPARTMENT OF CONSERVATION ORDER NO. 161

By virtue of authority in me vested pursuant to the provisions of Paragraph 6, Section 5630, General Statutes 1923, it is hereby ordered that all that part of the stream or creek forming the connecting waters between Upper and Lower Long Lake situate in Section 18, Township 44 N., Range 29 W., Crow Wing County, be set aside for the purpose of fish propagation and the taking of any fish therefrom during the calendar year 1927, is prohibited and made unlawful.

All the boundaries of said waters are marked by suitable notices as required by law.

This order shall take effect and be in force from and after its publication and shall be in effect and in force for the calendar year 1927 only.

J. F. GOULD,  
Game and Fish Commissioner.

Dated at St. Paul, Minnesota, this 5th day of April, 1927.

## TURKISH WOMEN WANT EQUAL RIGHTS WITH MEN

Constantinople, April 6.—(UP)—Complete political equality with men was demanded today for Turkish women, newly emerged from the medieval restrictions of the harem.

A resolution demanding equal political rights for both sexes was adopted by the "Union of Turkish Ladies."

Friendship Takes Time  
Friendship should be surrounded with ceremonies and respects, and not be crushed into corners. Friendship requires more time than poor busy men can usually command.—Emerson.

## CUT OFF RIGHT HAND AT WRIST WITH A RAZOR

Duluth, Minn., April 6.—(UP)—Oscar Neimi, 32, lay at the point of death here today following an attempt at suicide in which he cut off his right hand at the wrist with a straight razor.

Neimi's relatives declared that they could ascribe no reason for the deed other than insanity.

## LIVESTOCK, PRODUCE AND GRAIN MARKETS

### CHICAGO LIVESTOCK

Chicago, April 6.—(By Department of Agriculture)—CATTLE—Receipts, 7,000. Fed steers and yearlings steady to 15c higher; all other classes strong; heavy medium bulls 10c higher in instances; vealers steady to 25c higher; best heavy steers \$13.55, average weight 1450 lbs; few loads \$12.75 to \$13.60, a scramble of steers with weight; medium good light kinds slow; few heavy medium bulls \$7.25 and better; bulk vealers to packers \$11 to \$12, few at \$12.50; shippers kind scarce, around \$14.

SHEEP—Receipts, 10,000. Market: Fat lambs opening very slow; few early sales strong to 15c higher; good medium weight woolled lambs \$16.25 to \$16.50; asking around \$17 for choice handweights; desirable clipped lambs \$15 to \$15.75; choice 7 lb clippers to shippers \$16; sheep strong to 25c higher; few head choice fat ewes upward to \$10.75; feeding and shearing lambs steady; few good finishers \$14.50 to \$14.75.

HOGS—(Soft or oily hogs and roasting pigs excluded)—Receipts, 11,000. Market very slow; light 10 to 25c lower. Heavyweight (250-350 lbs) \$10.50 to \$11.25; medium weight (200-250 lbs) \$10.60 to \$11.80; lightweight (150-200 lbs) \$11.15 to \$12; light light (130-160 lbs) \$11 to \$12; packing sows, smooth and rough, \$9.50 to \$10.10; slaughter pigs (90-130 lbs) \$10.75 to \$11.85.

Slaughter Cattle and Calves—Steers (1500 lbs up) \$11.25 to \$13.85. Steers (1100-1500 lbs) choice \$11.65 to \$13.85; good \$10.35 to \$13; medium \$9.25 to \$11.25. Steers (1100 lbs down) choice \$11.35 to \$12.75; good \$9.50 to \$11.65; medium \$8.75 to \$10.35; common \$7.35 to \$9.25. Light yearling steers and heifers, good and choice (850 lbs down) \$9 to \$12. Heifers, good and choice (850 lbs up) \$7.75 to \$11; common and medium (all weights) \$6.25 to \$8.75. Cows, good and choice, \$6.85 to \$9.25; common and medium, \$5.50 to \$6.85; canners and cutters, \$4.75 to \$5.65. Calves, medium to choice, \$6.50 to \$8.50. Vealers, cull to choice, \$6 to \$14.50. Feeder and stock steers, common to choice, \$6.75 to \$9.50.

Slaughter Sheep and Lambs—Lambs, light and handweight (84 lbs down) \$14.65 to \$17; cull and common (all weights) \$12.15 to \$14.65. Ewes, common to choice, \$8 to \$10.75; canners and cutters, \$5.50 to \$8. Feeding lambs, range stock, medium to choice, full woolled, \$13.50 to \$15.40.

### SOUTH ST. PAUL LIVESTOCK

South St. Paul, April 6.—(By Department of Agriculture)—HOGS—Receipts, 12,000. Market weak to 25c lower; pigs steady, 250-350 lbs, \$10.25 to \$10.75; 200-250 lbs, \$10.50 to \$11.25; 160-200 lbs, \$11 to \$11.50; 130-160 lbs, \$11.50 to \$12; 90-130 lbs, \$12 to \$12.50; packing sows, \$9.25 to \$9.50.

CATTLE—Receipts, 2,200. Market: Nominally strong to 25c higher on all classes. Calves, receipts, 3,300. Market: Vealers steady to 25c or more higher. Bulk quotations: Beef steers, \$8.75 to \$10; beef cows, \$5.50 to \$6.75; low cutter and cutter cows, \$4.25 to \$5; vealers, \$11 to \$11.50; stock and feeder steers, \$6.75 to \$8.

SHEEP—Receipts, 300. Market: Generally strong to 25c higher. Quotations: Top fat lambs, \$16; bulk fat lambs, \$15.50 to \$16; bulk cull lambs, \$10 to \$13; bulk fat ewes, \$9 to \$10.

### CHICAGO PRODUCE MARKET

BUTTER—Creamery: Extras, 48 1/2 to 48 3/4c; standards, 49c. Dairy: Firsts, 47 1/2 to 48c; seconds, 44 to 46 1/2c.

EGGS—Ordinaries, 22 1/2c; firsts, 23 to 23 1/2c.

CHEESE—Twins, 22 1/2c; Young Americas, 23c.

LIVE POULTRY—Fowls, heavy, 29c. Ducks, heavy, 32c. Geese, 16c. Turkeys, No. 1, 30c. Roosters, 18c.

POTATOES—Riverside, old 94, new 9; on track, old 196, new 19; in transit, 739. Wisconsin sacked Round Whites, \$2.05 to \$2.20; mostly \$2.10 to \$2.15. Idaho sacked Russets, \$3.10 to \$3.25; mostly \$3.20 to \$3.25. Sweet potatoes, \$1.90 to \$2.

## 'SEX' ACTORS FACE PROBABLE JAIL SENTENCES

New York, April 6.—(UP)—Mae West and 19 other actors associated with her in the cast of "Sex," a drama presented on Broadway by the Moral Production Company, faced probable jail sentences today after their conviction on charges of presenting "an obscene show tending to corrupt the morals of youth."

James A. Timoney and Clarence W. Morganster, producers of the drama, also were convicted and face the same sentence—10 days to one year in jail and \$50 to \$1,000 fine. Bail for all the defendants was continued pending sentence April 19.

It was the second conviction in the campaign to clean up the New York stage. Members of the cast of "The Virgin Man" were given suspended sentences and the producers and author were sentenced to 10 days in the workhouse recently on obscenity charges.

## NOKAY LAKE NEWS

John Veit took his car to Brainerd last week to have it fixed.

A dance was given at the Nokay Lake hall Saturday evening.

The Happy Go Lucky bunch gathered at Aug. Veit's Friday evening and enjoyed a good time. The evening was spent in dancing and playing cards.

Arthur Anthony had the misfortune of falling and getting a number of bruises when the scaffold on which he was working, broke.

Veits made a business trip to Brainerd last Monday.

The road doesn't seem to be wide enough for some of the young folks for someone found the ditch Friday night. They were frightened for a while.

Mrs. August Veit returned to her home last week after a visit in Sleepy Eye.

Henry Fleischacker came out to August Veits and got a load of his wood last Saturday.

Miss Sophie Barto is busy working for Roy Cook.

Mr. Anthony will be busy moving in his new home this coming week and Mr. Osby will move into the house left vacant by Mr. Anthony.

August Veit and Rainesdales have bought new cook stoves.

Phillip Isle called on Aug. Veits last week.

Mr. Veit bought a new quack grass drag.

## Music's Drawback

"Do you like music?" "I have only one objection to music," said Miss Cayenne. "It is agreeable enough to listen to, but it gives rise to an interminable amount of tiresome conversation."—Washington Star.

## Night Coughs

Stopped in 15 Minutes

Almost always coughing is caused by an irritated and inflamed throat or bronchial tubes, which cough syrups and patent medicines do not touch. But a famous physician's prescription recently discovered called Thoxine goes direct to the cause, relieves the inflamed membranes and stops the cough almost instantly, one swallow does the work and the remarkable thing about it is that it contains no dope, chloroform or harmful drugs. Once used you will never be without it. Pleasant taste. Safe for children. 35c, 60c and \$1.00. Sold by Skauge Drug Co. and all good drug stores. —Advt.

## What Is a Diuretic?

People Are Learning the Value of Occasional Use.

EVERYONE knows that a laxative stimulates the bowels. A diuretic performs a similar function to the kidneys. Under the strain of our modern life, our organs are apt to become sluggish and require assistance. More and more people are learning to use Doan's Pills, occasionally, to insure good elimination which is so essential to good health. More than 50,000 grateful users have given Doan's signed recommendations. Scarcely a community but has its representation. Ask your neighbor!

## WORLD FLIGHT OF DE PINEDO IS HALTED

**FIRE DESTROYS HIS GIANT TWIN  
MOTORED MONO-  
PLANE**

**EXPLOSION OCCURS AT ROOSE-  
VELT LAKE, ARIZ., NO  
ONE HURT**

Roosevelt Lake, Ariz., April 6.—(UP)—The world flight of Commander Francesco De Pinedo, conqueror of uncharted air lanes, came to a halt here today when fire destroyed his giant twin motored monoplane. No one was injured.

De Pinedo was talking to newspapermen on the shore when a sudden blast was heard on the lake at the landing buoy and the big ship was instantly a mass of flames.

Mechanics who had been adjusting the motor in preparation for the next leg of the flight leaped overboard and swam to safety while the big plane burned furiously.

De Pinedo had come ashore only a short time previous to the disaster which ended his dreams of a triumphant flight.

He had stayed with his craft in mid-lake while mechanics tuned up the engines and until the work of refueling with 300 gallons of gasoline was begun.

The airman was standing at the landing, talking casually with newspapermen, when the blast occurred. "My trip here from Hot Springs was uneventful," the airman had just told the United Press.

"It took me a bit longer than I expected but we made it in good time at that, and we are feeling great." Just as the flyer outlined his plans for going on to San Diego this afternoon on a non-stop flight of 400 miles, the blast occurred.

It was presumed that some of the gasoline being poured into the fuel tanks had dripped onto a part of the heated engine, setting off the explosion.

Hot Springs, N. M., April 6.—(UP)—Commander Francesco De Pinedo, fascist world flier, hopped off from Lake B. M. Hall at 6:15 A. M. here today for Roosevelt Dam near Phoenix, Ariz.

De Pinedo said before hopping off that he expected to reach Roosevelt Dam at approximately 10 A. M. and after a short rest will proceed to San Diego, Cal.

His route to Roosevelt Dam lies over Deming and Lordsburg, N. M.

The fascist flier was forced to spend the night here by an overheated engine which made his departure from Lake B. M. Hall yesterday impossible. Mechanics overhauled the motor last night and De Pinedo experienced little trouble in taking off today.

The fascist ace rose from the waters after the third trial, cutting a swath for eight miles before taking the air. His giant silver colored monoplane's weight had been reduced to seven tons and he is carrying only 250 gallons of gasoline.

De Pinedo said this was the lightest he had traveled since leaving Italy.

## NO MORE CHICKEN IN THE HOME OF THOS. M. SKINNER

Denver, Colo., April 6.—(UP)—There will be no more chicken, stewed, fried, boiled or otherwise, in the Thomas M. Skinner household for some time to come.

Mrs. Skinner has found her diamond ring.

One year ago Mrs. Skinner lost the ring in her chicken coop. Search was unavailing. So she decided one of her chickens had swallowed it.

Nothing remained but to kill the chickens, one by one, search their gullets, and serve chicken hash, chicken soup and chicken dumplings, to the Skinner family. And there were some two hundred chickens.

Time went on. The feathered population in the Skinner backyard grew smaller and smaller. But still no diamond was revealed. The Skinner family began to rebel at a diet composed so largely of chicken.

Finally only one hen remained. It was a pet and Mrs. Skinner didn't want to kill it, but it became ill and died. Mrs. Skinner held a post-mortem.

There gleamed the diamond in the gizzard of the last chicken.

## DUTCH STEAMER WITH 150 CHINESE RUNS AGROUND

Hongkong, China, April 6.—(UP)—The Dutch steamer Tjileboet, carrying 1,500 Chinese coolies to Java, was aground today on an island 15 miles south of Hongkong. The sea was rough.

A British cruiser rescued 500 of the coolies, and other ships were standing by.

The Tjileboet is a twin screw steamer of 5,760 tons. Batavia is its port of registry. It plies between Japan, China and Java.

## SOVIET RUSSIA PROTESTS INVASION OF ITS EMBASSY

Berlin, April 6.—(UP)—Soviet Russia will protest strongly to the Peking government, the United Press was informed today, against the invasion of the Russian embassy compound at Peking and the seizure of several persons found there.

## DWINDLING SCHOOL ATTENDANCE

**MARKS 4TH DAY OF CENTRAL  
HIGH SCHOOL STRIKE  
AT SUPERIOR**

Superior, Wis., April 6.—(UP)—Dwindling school attendance marked the fourth day of the Central high school strike here today as Superintendent of Schools Spencer reiterated the reasons why Miss Lulu Dickenson had been dismissed from the teaching staff. The strike was called to bring about the instructor's reinstatement.

Less than a hundred of the approximately 1,000 students returned to their school tasks Tuesday compared to the 110 on Monday.

Superintendent Spencer declared in a lengthy statement that criticisms of the policies of the board of education made by Miss Dickenson before her students brought about her dismissal.

Specific charges made by Spencer included: "criticism of the value of the work done by the research department; of the guidance pamphlets issued by occupation teachers; of the money spent for supervision; of the superintendent's policy regarding affairs, and of the extravagance in publishing the superintendent's annual report."

Miss Dickenson has not asked for a public hearing of her case, Spencer said and added, "if she wishes the board to make public these statements we will do so."

"Disloyal and unprofessional conduct" brought the teacher's dismissal, Spencer added. "It was not a question of whether Miss Dickenson was justified in making the criticisms," the superintendent said, "but whether a teacher was justified in making them to her pupils."

No disorders have marked the strike as yet, either at the school or downtown. Fifty pupils at East High have joined the Central students in a sympathetic strike.

## Vast Increase in State School Facilities

St. Paul, Minn., April 6.—(UP)—Figures based upon estimates from all school districts in the state indicate a vast increase in Minnesota school facilities will be established by next fall.

Reports made to S. C. Challman, state director of school buildings, estimate a total of \$2,230,000 to be spent this summer for new high schools, additions to present institutions, gymnasiums and country school houses. More complete reports, Challman stated, will raise his estimate to nearly \$3,000,000.

Minnesota has a very creditable record for increasing educational institutions, he said.

The total appraised value of public school buildings and sites in the state is \$132,353,764 as compared with \$47,459,377 total appraised value 10 years ago.

Schoolhouses in the state total 9,124. The average value is \$14,349.

The figures on the number of buildings and their value were given in reports by clerks of school board of various counties to the Department of Education.

Work planned for this summer in Minnesota school districts will add approximately 300 rooms to the present number of classrooms and will accommodate nearly 5,000 additional students.

## FRENCH VILLAGE WROUGHT UP OVER SLAYING OF MAN

St. Louis, Mo., April 6.—(UP)—"Lorissant, slumbering old French village in St. Louis county, was tense with excitement today as the climax of the slaying of Robert Macklin, 54, cement mixer, and the probable fatal wounding of Joseph Richter, 2, a rural mail carrier, by John fueller, 71, for 20 years the town marshal.

Macklin was slain by the officer last night after the two men had tagged two fist fights earlier in the day. Two bullets penetrated his forehead almost at the same spot between the eyes.

Richter was shot in the abdomen when he stepped between the two men to make peace as the aged marshal drew his revolver.

Leaving the scene of the slaying, fueller crashed his automobile into telephone pole, boarded a street car and was arrested by constables while en route to St. Louis.

Cause of the bitter feeling between the two men is not known. A coronor's inquest will be held today.

## SEEK TO UNCOVER POWERFUL CRIME, SMUGGLING RING

**CLAIMED TO BE ENGAGED IN  
BRINGING IN CHINESE  
ALIENS**

**ALSO OPIUM INTO CALIFORNIA,  
BY LAND, SEA AND  
AIR**

Los Angeles, April 6.—(UP)—Federal authorities today were attempting to uncover a powerful crime ring said to be engaged in the wholesale smuggling of Chinese aliens and opium into California by land, sea and air.

Activities of the ring were disclosed to authorities last night. According to the disclosures a former lieutenant of "Scarface Al" Capone, Chicago gang leader, is at the head of the organization.

Two aviators, Jack Knight and Rex Smith, have been arrested, charged with running Chinese into California from Mexico. Knight has been indicted by a grand jury and Smith is to appear before the same body on April 13.

Both air pilots disclaim any knowledge of a smuggling ring.

Smith, said to be a world war flyer and holder of several altitude records, was arrested three weeks ago when his plane was forced down near San Bernardino. Federal officers said they found three Chinese in his plane.

The Orientals, it was said, were consigned to Victorville from Mexico and Smith was to receive \$300 each for their safe delivery.

Both Smith and Knight have been released under \$5,000 bail.

## RIGID SILENCE ON WAGE FIGHT

**JOHN L. LEWIS HAS NOTHING TO  
SAY ON STRIKE IN SOFT  
COAL FIELDS**

Indianapolis, Ind., April 6.—(UP)—Maintaining a rigid silence on the bituminous wage fight, John L. Lewis, international president of the United Mine workers, was back at union headquarters here today from a trip to Illinois.

The stand of the miners was made plain in the program announced by the union policy committee on the eve of the walkout of 170,000 men last week and the next move is up to the operators, in the opinion of Lewis.

As yet, operators of the central competitive fields of western Pennsylvania, Ohio, Indiana and Illinois have refused to enter district conferences and the situation in the southeastern fields is likewise deadlocked.

While a number of small mines are remaining open under temporary working agreements, the vast majority of operators are holding out for a wage reduction.

There is no prospect at this time of a general wage conference between operators and miners, and further peace moves will be made on a district basis, it was indicated at union headquarters.

## DIVISION OF GAME AND FISH MINNESOTA DEPARTMENT OF CONSERVATION ORDER NO. 161

By virtue of authority in me vested pursuant to the provisions of Paragraph 6, Section 5630, General Statutes 1923, it is hereby ordered that all that part of the stream or creek forming the connecting waters between Upper and Lower Long Lake situate in Section 18, Township 41 N., Range 29 W., Crow Wing County, be set aside for the purpose of fish propagation and the taking of any fish therefrom during the calendar year 1927, is prohibited and made unlawful.

All the boundaries of said waters are marked by suitable notices as required by law.

This order shall take effect and be in force from and after its publication and shall be in effect and in force for the calendar year 1927 only.

J. F. GOULD,  
Game and Fish Commissioner,  
Dated at St. Paul, Minnesota, this 5th day of April, 1927.

## TURKISH WOMEN WANT EQUAL RIGHTS WITH MEN

Constantinople, April 6.—(UP)—Complete political equality with men was demanded today for Turkish women, newly emerged from the medieval restrictions of the harem.

A resolution demanding equal political rights for both sexes was adopted by the "Union of Turkish Ladies."

**Friendship Takes Time**  
Friendship should be surrounded with ceremonies and respects, and not be crushed into corners. Friendship requires more time than poor busy men can usually command.—Emerson.

## CUT OFF RIGHT HAND AT WRIST WITH A RAZOR

Duluth, Minn., April 6.—(UP)—Oscar Neimi, 32, lay at the point of death here today following an attempt at suicide in which he cut off his right hand at the wrist with a straight razor.

Neimi's relatives declared that they could ascribe no reason for the deed other than insanity.

## 'SEX' ACTORS FACE PROBABLE JAIL SENTENCES

New York, April 6.—(UP)—Mae West and 19 other actors associated with her in the cast of "Sex," a drama presented on Broadway by the Moral Production Company, faced probable jail sentences today after their conviction on charges of presenting "an obscene show tending to corrupt the morals of youth."

James A. Timoney and Clarence W. Morganster, producers of the drama, also were convicted and face the same sentence—10 days to one year in jail and \$50 to \$1,000 fine. Bail for all the defendants was continued pending sentence April 19.

It was the second conviction in the campaign to clean up the New York stage. Members of the cast of "The Virgin Man" were given suspended sentences and the producers and author were sentenced to 10 days in the workhouse recently on obscenity charges.

### NOKAY LAKE NEWS

John Veit took his car to Brainerd last week to have it fixed.

A dance was given at the Nokay Lake hall Saturday evening.

The Happy Go Lucky bunch gathered at Aug. Veit's Friday evening and enjoyed a good time. The evening was spent in dancing and playing cards.

Arthur Anthony had the misfortune of falling and getting a number of bruises when the scaffold on which he was working, broke.

Veits made a business trip to Brainerd last Monday.

The road doesn't seem to be wide enough for some of the young folks for someone found the ditch Friday night. They were frightened for a while.

Mrs. August Veit returned to her home last week after a visit in Sleepy Eye.

Henry Fleischacker came out to August Veits and got a load of his wood last Saturday.

Miss Sophie Barto is busy working for Roy Cook.

Mr. Anthony will be busy moving in his new home this coming week and Mr. Osby will move into the house left vacant by Mr. Anthony.

August Veit and Rainesdales have bought new cook stoves.

Phillip Isle called on Aug. Veits last week.

Mr. Veit bought a new quack grass drag.

### Music's Drawback

"Do you like music?" "I have only one objection to music," said Miss Cayenne. "It is agreeable enough to listen to, but it gives rise to an interminable amount of tiresome conversation."—Washington Star.

## Night Coughs

**Stopped in 15 Minutes**

Almost always coughing is caused by an irritated and inflamed throat or bronchial tubes, which cough syrups and patent medicines do not touch. But a famous physician's prescription recently discovered called Thoxine goes direct to the cause, relieves the inflamed membranes and stops the cough almost instantly, one swallow does the work and the remarkable thing about it is that it contains no dope, chloroform or harmful drugs. Once used you will never be without it. Pleasant taste. Safe for children. 35¢, 60¢ and \$1.00. Sold by Skauge Drug Co. and all good drug stores.

## What Is a Diuretic?

People Are Learning the Value of Occasional Use.

EVERYONE knows that a laxative stimulates the bowels. A diuretic performs a similar function to the kidneys. Under the strain of our modern life, our organs are apt to become sluggish and require assistance. More and more people are learning to use Doan's Pills, occasionally, to insure good elimination which is so essential to good health. More than 50,000 grateful users have given Doan's signed recommendations. Scarcely a community but has its representation. Ask your neighbor!

## DOAN'S PILLS

Stimulant Diuretic to the Kidneys
